Critical Thinking

PROFILE

Hailing from the vibrant traditions of Kerala, my academic pursuit of a master's degree in English Language and Literature was a transformative experience. It deepened my understanding of literature, linguistics, and communication while honing my skills in critical thinking, editing, and research.

I have written articles analyzing the novel "The Pearl That Broke Its Shell" and the films "Mary Kom" and "Irudhi Suttru", showcasing my ability to engage with diverse narratives and cultural themes. With a passion for language and a keen eye for detail, I am eager to apply my expertise in content creation, editing, proofreading, copy writing education, or communication-driven roles."

With one year of experience as an assistant teacher in a Montessori setting, I have developed a strong foundation in child-centered learning, individualized instruction, and classroom management. My passion for language, education, and communication drives me to contribute meaningfully in content creation, editing, or education-focused roles.
