About Me

A self-taught creative with a strong ability to communicate visual ideas and a persistent drive to produce innovative and distinctive work. Always inquisitive for new techniques and concepts. For the past decade, I have been running a video production company, working across filmmaking, cinematography, film editing, color grading and screenwriting, with extensive expertise in all post-production workflows.

In addition, I have solid experience in UI design and front-end development for responsive web applications, with proficiency in HTML/CSS, JavaScript, and WordPress. With 7 years of experience in UI/UX design and development, I am passionate about crafting digital experiences that are both visually appealing and functional.
