RELEVANT PROJECTS:

Sahyadri bio labs (Kerala)

Digital marketing Manager | Present

- Campaign Management:
- Develop, implement, and manage performance-driven campaigns across Meta (Facebook/Instagram Ads), Google Ads, Amazon Ads, and Meesho Ads.
- Conduct thorough audience segmentation and targeting for each platform to ensure maximum engagement and conversion.
- Regularly monitor and optimize campaigns, adjusting bids, budgets, ad creatives, and targeting parameters based on performance.
- Performance Analysis & Reporting:
- Analyze key metrics like CPC, CPA, ROAS, CTR, and overall conversion performance.
- Utilize platform-specific dashboards (Meta Business Suite, Google Ads Manager, Amazon Seller Central, Meesho Marketplace) for insights and improvements.
- Prepare detailed reports on campaign performance for stakeholders, identifying trends, areas for improvement, and actionable insights.
- Creative Testing:
- Work closely with creative teams to A/B test ad creatives, landing pages, and promotional offers.
- Continuously test and iterate on creatives, copy, and formats to enhance engagement and conversion.
- Budget Management:
- Allocate and manage campaign budgets efficiently to maximize ROI across all platforms.
- Adjust and forecast monthly spending based on performance data and ongoing campaign needs.

- Collaborations & Coordination:
- Collaborate with internal teams (creative, content, product) to align campaign messaging with business goals.
- Coordinate with external vendors or agencies for specialized tasks, if necessary.
- Marketplaces Optimization:
- Optimize Amazon and Meesho listings for visibility and conversion using keyword strategies and best practices.
- Manage sponsored ads, promotions, and deals on e-commerce platforms to boost product sales.
