EXPERIENCE

**DIGITAL MARKETING EXECUTIVE | ARJUNA NATURALS PVT. LTD. (LIVLONG
NUTRACEUTICALS), ALUVA**

Sep 2023 - Present

I manage the daily distribution of 1,000,000 emails to B2C customers, consistently generating a daily profit of ₹ 80,000 for the company over the past year.

I have successfully executed digital marketing campaigns across various channels, including SEO, SEM, social media, and email marketing, for numerous international clients.

Experienced in managing international Google Ads and Facebook Ads campaigns for clients in regions such as Dubai and the Middle East. Proficient in developing and executing B2B and B2C marketing strategies.

I have extensive experience in email marketing, with a strong focus on campaign management, segmentation, and performance analysis. I am proficient in using industry-leading tools such as Klaviyo, Netcore, and Mailercloud to create targeted, automated email workflows, drive engagement, and optimize customer retention. With a keen eye for data-driven insights, I have successfully implemented strategies that have boosted open rates, click-through rates, and conversions. My expertise also includes A/B testing, list management, and creating compelling email content that resonates with diverse audiences.

As a Digital Marketing Executive for Curegarden, I manage and optimize their WordPress website, which is integrated with WooCommerce to support e-commerce functionality. I run various Google Ads campaigns, including Search Ads, Shopping Ads, and Performance Max Ads, to promote Curegarden's nutraceutical products effectively. Additionally, I execute Sponsored Brands, Sponsored Product, and Sponsored Display Ads on Amazon to boost product sales.

Overseeing a substantial budget of more than 1 lakh INR per month for Google Ads and Amazon Ads, I ensure the efficient allocation of resources to maximize ROI. I also manage Curegarden's Facebook and LinkedIn pages, running targeted Lead, Reach, Traffic, and Remarketing campaigns to engage and expand our audience.

My role includes coordinating the design of promotional posts, brochures, and infographics, ensuring they align with Curegarden's brand and marketing goals. By managing the website's SEO and content, I have successfully increased monthly organic traffic by 15% within four months. This achievement is a result of conducting content audits, keyword research, and competitor analysis, as well as implementing on-page and off-page SEO techniques such as keyword optimization, meta tags, link building, and schema markup.

I produce high-quality content across various platforms, including articles, blog posts, video scripts, infographics, and social media posts, to engage our audience and support our marketing strategies. Proficient in tools like Google Analytics, Ahrefs, SEMRush, and Google Search Console, I analyze data points such as enrollments, traffic, and bounce rate to devise new SEO strategies.

- By managing social media platforms and developing effective marketing campaigns, I enhance brand awareness and generate B2C leads, contributing to the overall growth and success of Curegarden.

DIGITAL MARKETING EXECUTIVE | LIA GEORSON PVT. LTD., PERUMBAVOOR

Dec 2022 - Aug 2023

As a Digital Marketing Executive for Liago, I manage a variety of tasks to enhance the company's online presence and advertising efficiency. My responsibilities include creating and optimizing Google Shopping Ads, establishing the Google Merchant Center, and running comprehensive shopping ad campaigns for Liago's website. Additionally, I handle various types of video ads, including Instream, Video Display, Outstream, 15-second non-skippable, and skippable ads.

I oversee the entire Google Ads structure for Liago, from keyword research and selection using Google Ads Keyword Planner to managing ad auctions, creating search campaigns, and running RSA, DSA, RDA, and call ads. I also implement ad extensions such as Sitelink, Call, Callout, Structured Snippet, Price, Promo, and Lead Form ads. My expertise includes running bids using Manual CPC, Maximize Clicks, Maximize Conversions, eCPC, CPM, and CPV strategies.

I manage the Display Network, targeting Affinity, In-Market, Demographics, Life Events, Remarketing, Topics, Placements, Display Keywords, and Custom Audiences. Additionally, I create and manage standard display campaigns and Gmail campaigns for Liago. Conversion tracking for the website, phone, and app is also under my purview, along with managing predefined and saved reports, dashboards, billing, summaries, documents, transactions, and promotions using Google Ads Editor.

Furthermore, I manage Liago's social media accounts on Facebook and Instagram, as well as YouTube campaigns and the Liago YouTube page. My SEO efforts for Liago include on-page and off-page activities, such as performing SEO audits using Screaming Frog, optimizing page titles, meta descriptions, headlines, alt tags, images, sitemaps, and mobile-friendly tests. I also engage in link-building by researching various submission sites to improve Liago's search engine rankings and online visibility.

PHP DEVELOPER | SMARTWEBIN, PERUMBAVOOR

Sep 2017 - Aug 2020

As a Web Developer specializing in CodeIgniter, I have undertaken numerous projects, including significant contributions to the company's proprietary CodeIgniter framework. My technical proficiency spans across HTML5, CSS3, JavaScript, jQuery, Ajax, Bootstrap 3, PHP, and MySQL, enabling me to develop robust and responsive web applications.

One of my notable projects is <https://buynowit.com/>, an e-commerce platform built with CodeIgniter. This project involved developing secure user authentication, comprehensive product management, and a seamless shopping cart and checkout process. I also created an intuitive admin dashboard for efficient site management. By integrating AJAX, I ensured smooth and asynchronous data interactions, enhancing user experience.

My role in the company includes maintaining and enhancing the CodeIgniter framework, implementing new features, and optimizing existing functionalities for better performance and scalability. I focus on creating responsive designs, ensuring compatibility across various devices and browsers, and implementing robust security measures to protect against common vulnerabilities.

WEB DEVELOPER | TEACODE TECHNOLOGY, VADODARA

Oct 2016 - Aug 2017

As a Web Developer, I specialize in creating dynamic and responsive websites using HTML, CSS, and PHP. My expertise in HTML and CSS allows me to craft well-structured, visually appealing web pages that provide a seamless user experience. By leveraging PHP, I develop robust server-side applications, enabling dynamic content generation and efficient data handling.

I utilize Bootstrap for HTML designing, ensuring that the websites I create are fully responsive and mobile-friendly.

Bootstrap's extensive library of pre-designed components and responsive grid system allows me to build modern, consistent, and visually appealing layouts quickly and efficiently. This ensures that websites look great and function smoothly on all devices, from desktops to smartphones.

My approach to web development focuses on clean, maintainable code and adherence to best practices. I implement SEO-friendly techniques, optimize website performance, and ensure cross-browser compatibility. This results in fast-loading, search-engine-optimized websites that offer an excellent user experience.

By combining my skills in HTML, CSS, PHP, and Bootstrap, I deliver high-quality web development solutions tailored to meet the specific needs of clients. Whether it's a simple informational site or a complex web application, my goal is to create user-friendly, visually stunning websites that drive engagement and achieve business objectives.

INTERNSHIPS

BRANDELABZ DIGITAL SOLUTIONS PVT. LTD., DIGITAL MARKETING INTERN, OCTOBER 2022 - DECEMBER 2022

As a Digital Marketing Intern, I manage the Facebook Ads campaigns for Colombo Umbrellas and Finsuraksha, ensuring targeted and effective ad placements to drive engagement and conversions. Additionally, I oversee the social media accounts for Colombo Umbrellas, The Design Verses, and Finsuraksha, developing content strategies that enhance brand visibility and audience interaction across platforms.

For Finsuraksha and Accurate Systems, I manage PPC campaigns on Google Ads, optimizing ad performance and budget allocation to achieve maximum ROI. My expertise in on-page SEO is demonstrated through my work with Brahmins Foods, RG Foods, Greenhopper, and Brandlabz. This includes creating query sheets, USP sheets, intention sheets, content sheets, conducting comprehensive keyword research, and structuring websites with authority pages and blogs to enhance organic search performance.

In addition to on-page SEO, I focus on link-building strategies by researching and utilizing business directory sites, classified submission sites, infographic submission sites, PPT/Doc sharing sites, event sharing sites, podcast sharing sites, article sharing sites, social bookmarking, e-book sharing sites, and forum submission sites. These efforts significantly boost the domain authority and search engine rankings for Brahmins Foods, RG Foods, Greenhopper, and Brandlabz.

Furthermore, I manage YouTube campaigns for Finsuraksha, optimizing video content and ad placements to increase visibility and engagement. Through these comprehensive digital marketing strategies, I drive growth and success for my clients across various industries.

REVOKARMAHUB SOFTWARE AND SERVICES PVT. LTD, INTERNET ANALYST, JULY 2016 - OCTOBER 2016

As an experienced Data Analyst, I specialize in analyzing and judging queries related to searches conducted in previous years on Bing. My work involves evaluating and improving search query results to enhance the overall user experience. I have successfully completed several projects, including Aspect-Opinion Linking, Key Phrase Comparison, Answer Writing, and Passage Quality assessment.

In the Aspect-Opinion Linking project, I meticulously identified and connected various aspects of user queries with corresponding opinions, ensuring more accurate and relevant search results. For the Key Phrase Comparison project, I conducted in-depth comparisons of key phrases to determine their effectiveness in retrieving pertinent information, refining the search algorithms accordingly.

In the Answer Writing project, I crafted concise and informative answers to common user queries, improving the quality and reliability of the search results provided. Additionally, in the Passage Quality project, I evaluated the readability and relevance of passages extracted from search results, ensuring they met high standards of clarity and usefulness.

My analytical skills and attention to detail have significantly contributed to the enhancement of Bing's search functionalities, leading to a better user experience and higher satisfaction rates. Through these projects, I have demonstrated my ability to handle complex data analysis tasks and deliver impactful improvements to search engine performance.
