Address: Njaliplavilayil, Venmony, Alappuzha, Kerala, India, 676309

Contact no: +918136949511

Email id: premkailas3@gmail.com

Personal title: Aircraft technician (B1- Mechanical)

- maintenance performed: Inspection / Testing, Servicing, Repair.
- Present Past relevant Employment with names of Employer and periods of Employment:
  - JUN 2023 – OCT 2023 - Air India Engineering services limited
  - Scope of employment: Aircraft technician, line maintenance, aviation regulations, environmental awareness, component replacement, Wheel assembly, Engine assembly.
  - OCT 2023 – AUG 2024 – Interglobe aviation
  - Scope of employment: Aircraft maintenance technician, propulsion systems, maintenance procedures, safety protocols, technical manuals, inspection techniques.

---

## CAREER SUMMERY

---

JUN 2023 – OCT 2023 - Air India Engineering Services Limited – Terminal 2 IGI Airport New Delhi

Worked as an aircraft technician in line & base maintenance (AIRBUS A320 Series, BOEING B777-200LR & B787). Ensured compliance with regulations, manufacturer specifications, and company safety protocols. Performed routine and emergency maintenance on engines ensuring optimal performance. Inspected, maintained, and repaired diverse aircraft engine assemblies and systems. Carried out inspection, replacement & installation of escape slides, transit checks of aircraft, replacement of wheel and brake assembly. Verified parts and serial numbers, ensuring accurate tracking and compliance with maintenance records.

OCT 2023 – AUG 2024 – Interglobe aviation

Worked as an aircraft technician (A320 Series & BOEING B777-300ER). Analysed feedback from pilot and crews to identify and resolve aircraft performance deficiencies. Collaborated with mechanics to connect fuel line, oil line, sensors, ensuring proper installation and functionality. Preservation of grounded aircrafts (Airbus A320-21) fitted with P&W1000G & CFM Leap 1A engines. Repaired and replaced defective engine components, including compressors, turbines, and ignition systems. carried out engine inspections, servicing, ground runs, component changes. Complete all tasks in the allotted time frame and to the quality standards of our company. Ensure that all maintenance requirements necessary to ensure airworthiness of the aircraft have been accomplished.

|--------------------------------------------|
| <b>TECHNICAL &amp; PROFESSIONAL SKILLS</b> |
|--------------------------------------------|

- Technical communication
- Inspection, maintenance and repair
- Hydraulic, pneumatic & fuel system servicing
- Adobe FrameMaker, coral draw, MS Word, Ms PowerPoint, MS Excel
- Aircraft ground handling and towing procedures
- Preventive and scheduled maintenance
- Technical manuals / maintenance techniques
- Regulatory compliance
- Team collaboration in high pressure environments & communication
- Maintenance documentation and record keeping
- Problem-solving and critical thinking
- Time management and risk prioritizations
- Accuracy and attention to detail
- Safety compliance and hazard awareness
- Adaptability in fast-paced environments

### EDUCATIONAL QUALIFICATION

- 2020-2023 BSc Aircraft Maintenance science
- 2019-2022 Diploma Aircraft Maintenance Engineering
- 2017-2019 Higher secondary education
- 2016-2019 High school education

### TRAINING / CERTIFICATES

- Certificate of recognition - Diploma AME
- Certificate of completion – BSc AMS
- Objective Environmental Practical Training
- Module 3- Electrical fundamentals
- Module 4- Electronic fundamentals
- Module 5- Digital techniques electronic instrument systems
- Module 6- Materials and hardware
- Module 7A- Maintenance practices
- Module 8- Basic aerodynamics
- Module 9A- Human factors
- Module 10-Aviation legislation
- Module 11A-Turbine aeroplane aerodynamics, structure and systems
- Module 15- Gas turbine engine
- Module 17- Propeller

### DECLARATION

I do hereby declare that the details furnished above are true to the best of my knowledge.
