WORK HISTORY

Risk Management Coordinator, 07/2021 - current

Amazon - Chennai, India

- Evaluated content appropriateness compliance for titles submitted through Amazon.com's Kindle Direct Publishing.
- Effectively prioritized work time to ensure productivity and fulfil team standards for time spent in order to consistently achieve service levels.
- Identified opportunities to eliminate process redundancy and improve operational efficiency.
- Conducted internal audits to evaluate associate performance and provide clarifications as needed.
- Established and maintained standard operating procedures (SOPs) and process controls, aligning them with regulatory requirements to minimize risk exposure.
- Created detailed reports on potential threats, aiding timely interventions from the management team.
- Stayed updated on latest trends, ensuring modern and effective approach towards managing risks.
- Collaborated with legal team to understand implications of new regulations, ensuring prompt compliance.
- Utilized CRM software salesforce effectively, improving data management efficiency.
- Validated data integrity using SQL queries, ensuring accurate reporting functionality.

KDP Support Analyst, 06/2020 - 07/2021

Amazon - Chennai, India

- Recorded all user issues and incidents in a tracking system, ensuring detailed documentation and prioritization based on severity.
- Created and updated knowledge base articles, guides, or FAQs for common issues and technical problems.
- Ensured issues are resolved within the defined service level agreements (SLAs) to meet user expectations and business requirements.
- Created reports on system performance, ticket resolutions, user issues, or other relevant metrics for internal stakeholders.
- Prioritized tasks during high-volume periods, achieving all deadlines efficiently.
- Worked closely with project managers for successful project completion.
- Monitored network security, maintaining confidentiality and data protection standards.
- Logged and followed up on unresolved issues and edge cases not covered by internal resources.
- Utilized CRM software salesforce effectively to manage customer interactions.

- Supported customers with implementation using various tools, including Excel, Tableau and SQL.

Customer Support Executive, 10/2018 - 11/2019

Hexaware - Chennai, India

- Addressed customer queries through various communication channels (phone, email, live chat, etc.).
- Offered clear, accurate information regarding the company's services to help customers make informed decisions.
- Used a CRM or ticketing system to log customer issues and monitor their progress until resolution.
- Worked closely with the sales, technical support, or product teams to resolve issues and ensure seamless service delivery.
- Shared customer feedback with relevant departments to help improve service quality, product offerings, or internal processes.
- Participated in team meetings sharing best practices for improving service delivery.
- Managed high-volume customer queries simultaneously through effective multitasking.
- Handled customer complaints, providing appropriate solutions to guarantee positive outcomes.
- Adhered strictly to policies and procedures for continued company compliance.
