

Mohamed Shalu

Performance Marketing Manager

About Me

shaluz655@gmail.com
+91 98462 57395, 95392 43690
Thrissur, Kerala

I am a dedicated and results-driven Digital Marketing and Data Analyst with over 5 years of experience in developing and executing data-informed marketing strategies. My expertise lies in performance marketing, data analysis, and leveraging key digital platforms like Meta (Facebook, Instagram), Google Ads, Google Analytics, Power BI and more to drive measurable growth for businesses.

Work Experience (5 Years)

Performance Marketing Manager (Contract)

Traders Training Academy

August 2024

Responsibilities:

- **Campaign Management:** Oversee and execute end-to-end performance marketing campaigns across multiple platforms including Facebook, Instagram, Google Ads, WhatsApp, and Email, driving lead generation, sales, and brand awareness.
- **Lead Generation & Sales Campaigns:** Strategize and manage lead generation campaigns aimed at converting prospects into customers, while closely collaborating with the sales team to align marketing efforts with sales targets.
- **Digital Marketing Strategy:** Develop, implement, and optimize digital strategies to enhance online visibility, engagement, and conversions, with a strong focus on return on ad spend (ROAS) and cost per acquisition (CPA).
- **Cross-Functional Team Leadership:** Lead and coordinate with sales, IT, and creative teams to ensure smooth execution of marketing campaigns, technical integrations, and website updates.
- **Website Maintenance & Design:** Manage and maintain the company's WordPress website, ensuring it is user-friendly, updated, and aligned with marketing objectives. Oversee web design projects to improve user experience (UX) and conversions.
- **Data Analytics & Reporting:** Analyze website performance, user behavior, and campaign performance using tools like Google Analytics and Power BI, providing actionable insights to optimize strategies and report on key KPIs.
- **Content & Design Creation:** Collaborate with the design team to develop creative assets (banners, videos, landing pages, etc.) for digital campaigns and maintain brand consistency across all channels.
- **Email Marketing Campaigns:** Design and execute email marketing campaigns, focusing on customer segmentation, engagement, and conversion rates.
- **Sales Dashboards & Reporting:** Develop and manage dynamic sales dashboards in Power BI, tracking performance metrics, KPIs, and other critical data points for the sales and marketing teams.

Performance Marketing Specialist (Contract)

Fple Technology Pvt. Ltd.

April 2024

Strategic Marketing Planning

- Develop and implement performance marketing strategies tailored to the Malaysian market.
- Conduct market research to identify trends, customer behavior, and competitive landscape in Malaysia.

Digital Campaign Management

- Plan, execute, and optimize digital marketing campaigns across key platforms such as Meta (Facebook, Instagram), Adsterra & local platforms.
- Manage end-to-end campaign processes including setup, tracking, and optimization.

Budget and Resource Allocation

- Allocate and manage marketing budgets effectively to maximize ROI.
- Monitor spending and ensure campaigns are executed within the allocated budget.

Performance Analysis and Reporting

- Use analytics tools (e.g., Google Analytics, Facebook Insights) to track campaign performance.
- Generate detailed performance reports and provide actionable insights to senior management.

Cross-functional Team Collaboration

- Collaborate with creative, content, and product teams to ensure cohesive marketing strategies.
- Work with sales and customer support teams to align marketing initiatives with business objectives.

Optimization and A/B Testing

- Conduct A/B testing to optimize ad creatives, landing pages, and other campaign elements.
- Implement best practices and continuously improve marketing performance based on test results.

Audience Segmentation and Targeting

- Develop and refine audience segmentation strategies for precise targeting.
- Utilize customer data to identify and reach high-value segments in the Malaysian market.

Leveraging Marketing Technologies

- Stay updated on the latest marketing technologies and tools to enhance campaign efficiency.
- Implement and manage marketing automation tools and platforms.

Creative Design and Development

- Design visually compelling graphics for digital and print media, including social media posts, website banners, brochures, and advertisements.
- Develop creative concepts and visual strategies aligned with the company's brand identity.

Data Analysis and Interpretation

- Analyze data to identify trends, patterns, and insights that inform business decisions.
- Use statistical tools and software (e.g., Advanced Excel, Power BI, Tableau) to perform data analysis.

Reporting and Visualization

- Create detailed reports and visualizations (e.g., dashboards, charts, graphs) to present data insights to stakeholders.
- Utilize data visualization tools such as Tableau, Power BI, or Advanced Excel.

Data Analyst

AI Variant (3 Months Internship Project)

September 01 2023 - November 30 2023

Led a 3-month project to implement Salesforce CRM for optimizing sales processes and conducted in-depth data analysis using various tools to drive data-driven decision-making.

Key Achievements:

Successfully implemented Salesforce CRM, customized workflows, and integrated third-party applications to enhance the sales process and improve data management.

Leveraged Salesforce reporting and dashboard features to provide real-time insights into sales performance, resulting in a 20% increase in sales revenue.

Utilized **Tableau** and **Power BI** to create interactive dashboards for visualizing key performance indicators and sales trends, facilitating quicker decision-making.

Employed **Advanced Excel** techniques to clean, transform, and analyze large datasets, improving data accuracy and providing actionable recommendations.

Collaborated with cross-functional teams to identify bottlenecks in the sales process and implemented process improvements, leading to a 15% reduction in lead-to-sale conversion time.

Conducted training sessions for the sales team on CRM usage and data analysis tools, enabling them to better leverage the system and make data-driven decisions.

This project demonstrated my ability to manage a complex CRM implementation, extract valuable insights using data analysis tools, and contribute to business growth through data-driven decision-making.

Senior Digital Marketing Analyst

PSN Automotive Marketing Pvt Ltd Bangalore

July 07 2022 -Aug 30 2023

Campaign Strategy and Execution

- Develop and execute lead generation strategies using Meta (Facebook and Instagram) Ads.
- Create and manage ad campaigns to attract and convert potential leads.

Audience Targeting and Segmentation

- Identify and segment target audiences based on demographics, interests, and behaviors.
- Use Meta Ads Manager tools to refine audience targeting for maximum impact.

Ad Creative Development

- Collaborate with the design team to create engaging and high-converting ad creatives.
- Ensure ad visuals and copy align with campaign objectives and brand guidelines.

Reporting and Insights

- Generate detailed reports on campaign performance, lead quality, and ROI.
- Provide actionable insights and recommendations to improve lead generation efforts.

Creative Design and Development

- Design visually compelling graphics for Meta ads, including static images, carousel ads, and video content.
- Create eye-catching visuals that drive engagement and conversions.

Collaboration and Communication

- Work closely with the marketing and sales teams to understand campaign goals and translate them into effective ad designs.
- Communicate design concepts and ideas effectively to stakeholders and incorporate feedback as needed.
