OBJECTIVE

I am a dedicated and enthusiastic individual with a strong passion for learning and professional growth. After completing my higher secondary education (+2), I pursued my interest in languages by studying German, which led me to work as a German tutor at Aspire International, Hilite Business Park, for five months. This experience enhanced my communication, teaching, and adaptability skills.

With a keen interest in the digital space, I completed my studies in Digital Marketing, gaining expertise in SEO, social media marketing and Google analytics. My training has provided me with valuable insights into consumer behavior, market trends, and digital strategies.

I am eager to combine my language proficiency with my marketing knowledge to create impactful brand experiences. Adaptable and driven, I seek opportunities where I can contribute effectively while continuing to grow in the dynamic digital marketing landscape.
