As a recent graduate with a strong foundation in digital marketing and Certified Management Accounting (CMA) certification, I bring a unique blend of creative, analytical, and business-focused skills to the table. During my 4-month internship in digital marketing, I gained hands-on experience across various channels such as SEO, social media management, content creation, and data analysis. This internship allowed me to develop a solid understanding of how to execute and optimize digital campaigns to drive engagement and brand awareness.
