Objective

I enjoy creating and developing unique and impactful brand identities. I will gladly apply my work experience in graphic design to interesting and significant tasks. I am practice-oriented and ready to do what is necessary for a team while using my appreciation of details and the Adobe Creative Suite. I am excited to come to your company with new exciting visions and a wish to expand the company's creative scope.

Education

Diploma in Computer Engineering

Government Polytechnic, Aimury, Perumbavoor, Ernakulam

(2021 - 2022, dropped out)

Animation & VFX

Arena Animation, Palarivattom, Ernakulam

(January 2024 - Ongoing)

Skills

- Proficient in Adobe Creative Suite (Photoshop, Illustrator)
- Strong understanding of design principles (color theory, typography, layout)
- Excellent communication and collaboration skills

Experience

- Created my portfolio using Adobe Photoshop & Adobe Illustrator
- Created some hobby works & fan arts

Additional Information

Interests: Photography, Music Production, Video Editing

I participate in various activities to improve my social skills, critical thinking, and research-oriented mindset. You can employ me to use these attributes at work.

Thank You!
