

SINAN K AHAMMED

Education

Degree B-Tech computer science Ilahia college of engineering and technology : current semester 8	7.59
PLUSTWO (2019) Ghss vazhakkad	84.67
SSLC (2017) Ghss vazhakkad	94.44

Internship

- 3-Day Workshop on Cloud Computing & Brain-Computer Interfacing (Certified by enFOSS)
- 1-Day Workshop on Drone Making (Organized by IEEE)
- 1-Week Internship in Web Designing & Frameworks (KELTRON)
- 2-Day Workshop on Python & Data Science (Conducted by FaceIn Technology)

Academic Project

■ MINI PROJECT-Electronic voting using blockchain.

- Designed a secure and transparent electronic voting system using blockchain to prevent fraud and ensure fair elections.
- The system improves voter authentication, automates vote counting, and makes results tamper-proof with smart contracts.

■ MAIN PROJECT- Medicinal Plant Classification Using Transfer Learning And PSO-Optimized Cascaded Network.

- Developed a system for identifying medicinal plants using Transfer Learning for feature extraction, Particle Swarm Optimization(PSO) for feature selection, and Support Vector Machine(SVM) for classification.
- This approach allow for efficient, accurate plant identification from smartphone images, reducing reliance on expert knowledge and minimizing the risk of incorrect identification, crucial for healthcare applications.

Activities

- NSS KTUCare Executive Committee
- Active member in YRC, IEEE, and a 2-year CSI member
- Built 3D elevation and motion designs of our CSE department using SketchUp
- Skilled in video editing, photography, poster design, and creating promo videos
- Coordinated the videography and documentation team for our college-level tech fest, OBSQURA

Technical Skill

Web designing
Graphic designing(canva,figma)
Drone Technology
Programming
AI modeling

Soft Skill

Observation
Decision making
Communication
Multi-tasking
Leadership

Programming Language

C ,C++, Python ,Java ,Html , Sql

language

English , Hindi , Malayalam , Arabic

Pgramming Tool

- Ganache
- Postman
- Google Colab
- Visual Studio Code
- Flask
- Cursor AI
