Work Experience

Trioangle Technologies

MAR 2022 - OCT 2024

Business Development and analyst:

Jr. Business development and analyst:

(MAR 2022 - SEP 2022):

- **Responsibilities:** During the first 6 months, I served as a Junior Business Development Specialist and Analyst. My key responsibilities included lead generation through social media platforms, cold calling, email marketing campaigns, requirements gathering, and overseeing project management tasks to ensure timely delivery and client satisfaction.
- **Achievement:** Over the course of one month, I successfully generated 3 to 5 high-potential leads, contributing to the creation of new business opportunities for the company.

Sr. Business development and analyst

(OCT 2022 - OCT 2024):

- **Responsibilities:** Over the next two years, I was promoted to Senior Business Development Specialist and Analyst. My responsibilities included managing inbound leads, collecting project requirements from clients, preparing key documents (Sales Proposals, NDAs, BRDs), negotiating contracts, closing deals, and overseeing project management to ensure successful delivery and client satisfaction.
- **Achievement:** I consistently achieved 80% of my quarterly sales target and contributed significantly to pre-sales efforts, resulting in a 30% growth in new business opportunities for the company.

SKILLS

TOOLS HANDLING SKILLS:

- Salesforce, Jira, Basecamp, Moqups, Evernote, Tawk.to, Zoho People, Linked In, Skype, G - Suite, ChatGPT

SOFT SKILLS:

- SDLC – Agile (Scrum).

Profile Summary:

Lead Generation & Management:

- Proactively identified and cultivated inbound and outbound leads through strategic email campaigns, live chat interactions, and social media engagement, driving business growth.
- Conducted regular CRM audits to maintain data integrity, ensuring accurate lead records and smooth transitions through the sales funnel, which significantly improved CRM efficiency and sales pipeline management.

Client Engagement & Sales:

- Engaged clients through calls and online communication to understand their business needs, offering personalized product recommendations and tailored solutions.
- Managed the end-to-end sales process, from lead qualification to conversion, consistently improving sales closure rates and driving revenue growth.

Project Documentation & Requirements Gathering:

- Collaborated closely with clients to gather and analyze business requirements, converting them into comprehensive documents, including NDAs, BRDs, FRDs, and sales proposals.
- Created detailed wireframes and project specifications, ensuring clear alignment between business objectives and project execution.

Market Research & Strategy Development:

- Conducted in-depth market research and competitive analysis to uncover industry trends, utilizing insights to create and present customized solutions that generated new business opportunities.
- Led cost-benefit analyses to tailor solutions to client budgets, optimizing value propositions and increasing client satisfaction.

Project Management:

- Participated in Agile Sprint meetings, collaborating with cross-functional teams to define and implement new features, ensuring project alignment with client requirements.
- Developed and executed test cases for manual testing, led demo sessions, and facilitated smooth transitions to production.
- Contributed to daily stand-up meetings, providing key project updates and ensuring timely delivery while maintaining high levels of client satisfaction.

Education:

Bachelor of Engineering (2017 - 2021):

Velammal College of Engineering and Technology:

- Major: Mechanical Engineering
- CGPA: 7.67

CEOA Matriculation HR. SEC. School
