EDUCATION

B.Tech – Electronics & Computer Science Engineering

St. Joseph College of Engineering and Technology, Pala (SJCET Pala) | Kerala Technological University (KTU)
2023 – 2027 (Expected)

TECHNICAL SKILLS

Hardware & IoT: Arduino, ESP32/ESP8266, Sensor Integration, IoT System Design, Microcontroller Programming

Programming: C, Java (Basic), Data Structures & Algorithms, MATLAB (Basic)

App & Web Dev: Full-stack Mobile App Development, REST API Integration, Backend Development, AI API Integration

Tools: Godot Engine (GDScript), Git & GitHub

PROJECTS

CropXpert – AI-Powered Farmer Assistant App [Flutter | AI APIs | Backend]

- Built a comprehensive farming app with AI chat assistant, crop disease scanner using image recognition, and live market price tracking.
- Implemented crop marketplace allowing farmers to list, buy, and sell produce with a fully functional backend and AI integration.

Internship & Job Finder App [App Development | Web Scraping]

- Developed an app that aggregates internship and job listings from across the internet and newspapers.
- Matches opportunities to users based on their qualifications and skill profile.

Neptune – Quiz Platform [Hackathon Project]

- Built an interactive quiz application during a hackathon featuring scoring, leaderboard, and question management under time constraints.

Agri Connect – Farmer Problem Platform [Mobile App | Backend]

- Designed an app addressing common farmer challenges, providing a platform for problem reporting and community support.

Game Development Portfolio [Godot Engine | GDScript]

- Developed multiple games using Godot Engine; currently building a movie review app as an ongoing personal project.

ACHIEVEMENTS & ACTIVITIES

- Hackathon participant – built Neptune quiz platform under competitive time constraints.
- Developed CropXpert, a multi-feature AI app addressing real-world problems in the farming community.
- Active open-source contributor – all projects publicly available on GitHub.

INTERNSHIP AVAILABILITY

Available from June 5, 2025 | Open to in-person internships in Thiruvananthapuram / Kerala | Flexible on duration.
