SUMMARY

I am a Dedicated forensic science professional with a Master's from Garden City University and a Bachelor's from Bharathiyar University. Currently I am a trainee at Kavalife Pvt. Ltd Tamil Nadu. Gained expertise in Cyber Forensics, Document Examination, Biology, Fingerprints, and Investigations through internships and Skilled in analytical techniques, eager to contribute to a dynamic team and advance in forensic science.

WORK EXPERIENCE

Trainee, kavalife private limited

Oct 2024 - Present

- Gained hands-on experience with advanced analytical techniques, including UV/Vis spectroscopy, HPLC, gas chromatography, and centrifugation.

Intern at Regional Forensic Science Laboratory, Kochi

Feb 2024 - April 2024

- Earned hands-on experience in data recovery, chain of custody, and data privacy during my internship at the Regional Forensic Science Laboratory, utilizing tools like Cellebrite UFED and Tableau for digital forensics.
- Utilized advanced forensic tools such as Video Spectral Comparator (VSC) to analyze and investigate complex cases, enhancing my understanding of forensic techniques and methodologies.
- Collaborated closely with forensic experts and contributed to real case investigations across multiple divisions

Intern at Finger Print Bureau,Trivandrum

March 2019

- obtained hands-on experience in fingerprinting, forensic documentation, fingerprint classification, and evidence collection, collaborating closely with forensic experts to ensure thorough and accurate investigations.

Intern at Kerala State Forensic Science Laboratory, Trivandrum

March 2019

- Worked alongside forensic experts, actively participating in real case investigations across diverse divisions like Cyber Forensics, Document Examination, Explosives Analysis, Biology, and Chemistry. This internship offered invaluable insights and a solid foundation in forensic science methodologies.
-
