Summary

B.Tech graduate and trained Java Full Stack Developer with proficiency in Core Java, Spring Boot, Hibernate/JPA, HTML, CSS, and React/Angular. Skilled in database management (MySQL, Oracle) and experienced in developing and integrating RESTful APIs. Strong foundation in software development principles with hands-on exposure to end-to-end application development, version control using Git, and build tools like Maven. Passionate about delivering clean, efficient, and scalable solutions while continuously enhancing technical expertise.

Education

Java Full Stack Development QSpiders, Cochin	2024 - 2025
B.Tech in Computer Science and Engineering IES College of Engineering, Thrissur, Kerala	2020 – 2024
Higher Secondary DEVADAR HSS, Malappuram, Kerala	2018–2020
High School DEVADAR HSS, Malappuram, Kerala	2016–2018

Skills

- Familiar with **Object-Oriented Programming (OOP)** principles including **classes, inheritance, polymorphism, abstraction, and encapsulation**.
 - Strong knowledge of **Core Java, Data Structures, and Algorithms** for developing efficient and optimized code.
 - Hands-on experience in building **RESTful APIs** using **Spring** and **Spring Boot**, with backend integration for web applications.
 - Worked with **Hibernate** and **JPA** for efficient object-relational mapping and seamless database operations.
 - Proficient in **HTML** and **CSS** for developing responsive and user-friendly interfaces.
 - Skilled in writing **SQL** queries and managing relational databases using **MySQL Workbench**.
 - Utilized **Thymeleaf** as a server-side Java template engine for rendering dynamic HTML content in **Spring MVC** applications.
 - Familiar with **Postman** for API testing, debugging, and validating backend services.
 - Strong **analytical** and **problem-solving** abilities with a structured approach to debugging.
 - Quick learner with enthusiasm for adopting new technologies and improving code quality.
 - Effective **communication** and strong **team collaboration** skills from academic and project-based work.
-

Languages

- **English** – Fluent in speaking, reading, and writing.
- **Malayalam** – Native proficiency.
- **Hindi** – Conversational understanding.

Experience

Zuiké Infotech Pvt. Ltd
Web Developer Intern

Dec 2023 - May 2024

Projects

Bridging Barriers in Communication

- Developed a robust real-time communication platform that enables seamless two-way communication between **deaf** and **hearing** individuals.
- Implemented advanced **computer vision** techniques for **hand tracking**, **feature extraction**, and **gesture recognition** to accurately interpret sign language gestures.
- Trained and fine-tuned **machine learning models** on a large dataset of sign language videos to convert **sign language into text and voice**, and vice versa.
- Designed a user-friendly **web interface** with front-end and back-end components, including **user authentication**, **data storage**, and **real-time communication** features for easy interaction and accessibility..

My Store Web-Application

- Developed “My Store”, a full-stack e-commerce web application that allows users to view, add, update, and manage products efficiently.
 - Implemented CRUD functionalities using Spring Boot, Hibernate, and JPA for smooth data persistence and management.
 - Designed a responsive front-end with Thymeleaf and Bootstrap, ensuring a user-friendly and visually appealing interface.
 - Integrated MySQL database for storing and retrieving product details with proper relational mapping using JPA.
 - Ensured modular architecture using Spring MVC pattern, improving scalability, maintainability, and performance.
-

Achievements

- Starred as a forward on the College football team And Led the team to multiple championships and was awarded MVP for the year 2023.
 - Contributed as an IEDC technical head and conducted entrepreneurship programs, community outreach and organized workshops.
 - Event head of the TECH FEST And Successfully organized and executed the College tech fest of the year 2022
-
