

CAREER OBJECTIVE

To give my best performance as a front end developer and content-creating professional in your esteemed organization, to utilize my skills and knowledge and thereby strive for its growth in multifold ways.

WORK EXPERIENCE

Learn Class Mentor

Apr 2025 - Oct 2025

PlanetSpark, Virtual

I handled 40+ demo sessions on public speaking and creative writing online for primary, senior grade students and working professionals.

I customised the curriculum according to the learning needs of the learners and framed lesson plans, worksheets and topics for speaking activities.

I secured 3 enrollments and handled 15+ classes, for a duration of 2-3 months.

I gave weekly assignments and evaluated them. Also, I graded the students on PS and CW measures and filled the complete progress report and conducted Parent teacher meeting.

Individual Contributor

Apr 2024 - Apr 2025

Projects, Virtual

Acquired Hands-on experience from Simplilearn certification. Projects implemented: (i). Title : Sales analysis Project A sales dashboard that analyzes the sales based on various product categories, so that users can select a category and can see the trend month-wise and product-wise accordingly. Skill https://github.com/kiruthika40/Python_Datasciencels: Advanced Excel Implementation : A course project in MS Excel was done applying the key concepts like PIVOT tables, Macros, and Data Analysis using statistics, Dashboarding and tools for Business Analytics. (ii) Google App Rating Prediction App ratings, which are provided by the customers, are always a great indicator of the goodness of the app. The problem analysis reduces to predicting which apps will have higher ratings. Skills: Python libraries (Numpy, Pandas, Matplotlib) Implementation: The given dataset is checked for NA values and data cleaning is performed. Data manipulation and visualization was done. Kindly check the dataset, Python file with detailed comments and description at (iii)

Comparative study of countries The primary objective is to create a dashboard to compare all the parameters for different countries, to strategize market penetration and to target new customers. Skills : Tableau visualization & Dashboard Implementation: Parameters and Calculated fields were created first. A KPI table was designed based on them. Growth indicator was displayed, depending upon the selected category and year. The dashboard was finally designed by automatically arranging all of them and setting filters and actions. The final dashboard displayed all the key parameters for the business in a particular region. Tableau public link profile :

<https://public.tableau.com/app/profile/kiruthika.sundaram/viz/ComparativeStudyCountries/Dashboard1?publish=yes> (iv) Comcast Telecom Consumer complaints The main aim is to pin down what is wrong with Comcast's customer service, based on the complaints received from the customers. Skills : R programming, ggplot, ggplotly and dplyr libraries Kindly check the dataset, Python file with detailed comments and description at <https://github.com/kiruthika40/RPgmBasics>

Online Tutor

Mar 2022 - Dec 2024

TeacherOn And Urbanpro, Virtual

I have taught Engineering math M1, discrete math, basic python for CS Engineering students. Also, I have handled applied math for Class XI CBSE, Tamil subject and MS Excel.

Academic Content Writing

Nov 2021 - Mar 2022

Pojo Software Private Limited, Virtual

Study materials, question sets, and answers were prepared from online reference books. I have worked using MathType and MS Office. It was done for both primary and secondary school students.

Sr. Tuition Teacher

Oct 2019 - Apr 2020

Balaji Academy, Tiruchirappalli

I have taught computer science, math, English, Tamil and Science till class X (CBSE, Tamilnadu State board and ICSE curriculum).

Computer Teacher

Oct 2017 - Sep 2018

Kamala Niketan Montessori Sr. Secondary School, Tiruchirappalli

Handled Computer classes, mainly C++, Visual Basic, Scratch programming, MS Office and Photoshop for Grade I to IX students.

Conducted Computer Assessments and maintained the Computer labs.

EDUCATION

Master of Technology (M.Tech), Information Technology

2011 - 2013

Veltech Dr. Ranganathan & Dr. Sagunthala Institute Of Science And Technology

CGPA: 8.64/10

Bachelor of Engineering (B.E), computer science

1998 - 2002

MOOKAMBIGAI COLLEGE OF ENGINEERING

CGPA: 8.60/10

Senior Secondary (XII), Tamilnadu State

1998

Holy Cross Girls' Higher Secondary School

CGPA: 9.46/10

Secondary (X), Tamilnadu State

1996

Holy Cross Girls' Higher Sec. School

CGPA: 9.40/10

TRAININGS / CERTIFICATIONS

Full Stack Web Development With AI

Mar 2026 - Apr 2026

Internshala Trainings, Virtual

Successfully completed a 8 weeks online certified training on Full Stack Web Development with AI. The training consisted of HTML, CSS, Bootstrap, DBMS, PHP, JS, React, Final Project, and AI in Web Development modules. In the final assessment, I scored 57% marks.

Programming In C And C++ With AI

Jul 2025 - Sep 2025

Internshala Trainings, Virtual

Successfully completed a 8 weeks online certified training on Programming in C and C++ with AI. The training consisted of Getting Started With Programming in C, Diving Into C Programming, Fundamentals of Object Oriented Programming Using CPP, Diving into CPP Programming, Building Cricket Game Application, and AI in Programming modules. I scored 92% in the final assessment and was a top performer in the training.

PORTFOLIO

PROJECTS

Comcast Telecom Consumer complaints

Mar 2025

The main aim is to pin down what is wrong with Comcast's customer service , based on the complaints received from the customers.

Sales analysis Project

Dec 2024 - Jan 2025

A sales dashboard that analyzes the sales based on various product categories, so that users can select a category and can see the trend month-wise and product-wise accordingly.

SKILLS

Problem Solving In Python, Basic Python Programming

Oct 2025 - Present

CodeChef, Virtual

I am currently undergoing development tasks related to Datastructures using python,Numpy,Pandas, Machine learning, web development etc

Creative Writing

Feb 2017 - Mar 2017

Internshala, Virtual

Comparative study of countries

Feb 2025

The primary objective is to create a dashboard to compare all the parameters for different countries, to strategize market penetration and to target new customers.

Google App Rating Prediction

Jan 2025

App ratings, which are provided by the customers, are always a great indicator of the goodness of the app. The problem analysis reduces to predicting which apps will have higher ratings.

- English Proficiency (Written)
- Creative Writing
- English Proficiency (Spoken)
- C++ Programming
- Computer skills
- SQL
- Visual Basic (VB)
- HTML
- Tamil Proficiency (Written)
- MS-Office
- C Programming
- Effective Communication
- JavaScript
- Adobe Photoshop
- MS-Excel
- Tamil Proficiency (Spoken)
- Python
- Online Teaching
- Data Structures
- R Programming
- CSS3

ADDITIONAL DETAILS

- Codechef training certifications https://drive.google.com/drive/folders/1JZI-NZGnxS9FrW3NRWYCdBoSpD1zcHmi?usp=drive_link
- I secured University rank III from Bharathidhasan University, Tiruchirappalli in my B.E studies in Computer Science and received a gold medal for the same.
- My B.E final year project "E-GOVERNANCE" was awarded TNSCST (Tamilnadu State Council of Science and Technology) project award and a cash prize of Rs.5, 000.
