SKILLS & INTERESTS

- Technical Skills:** TypeScript, Flask, React, HTML, CSS, Node.js, Express.js, AngularJS, PostgreSQL, Firebase, MongoDB, Git, GitHub, Docker, Vercel, Postman, Tailwind CSS, Supabase, Google OAuth, REST API Development
- Soft Skills:** Problem Solving, Communication, Team Collaboration, Critical Thinking, Adaptability, Time Management
- Interests:** Development, Frontend Development, Backend Development, Full-Stack Development, Databases, Cybersecurity

EDUCATION

- Govt. Model Engineering College** **9.26 | 2027**
KTU, B.Tech in Computer Science and Engineering
- GHSS Kadambur** **98.5% | 2022**
SCERT, 12th
- GHSS Kadambur** **100% | 2020**
SCERT, 10th

WORK EXPERIENCE

- Heritage Himalaya Trails** **3 Months**
Full Stack Developer
Technologies Used: React.js, Node.js, Supabase, TypeScript, Tailwind CSS, Google OAuth.
Built a web-based version control platform with branch management, commit tracking, and repository history. Added a high-performance diff viewer and visual merge indicators, along with secure token-based authentication.

PROJECTS

- GitliteVCS** **Team Size: 4**
Team Member **4 Months**
Technologies Used: Next.js, React, Tailwind CSS, FastAPI, PostgreSQL
Built a web-based version control platform with features like branch management, commit tracking, and repository history. Implemented a high-performance diff viewer for large files and added visual merge indicators to reduce conflicts. Integrated secure token-based authentication for safe collaboration.
- Winify – NFT Charity Lottery** **Team Size: 4**
Team Member **3 Months**
Technologies Used: Flutter, Node.js, Solidity, Blockchain Development
Led the product vision for a decentralised donation platform designed to improve transparency and donor engagement through gamification. Developed a cross-platform prototype and collaborated with the backend team to align user experience goals with blockchain-based architecture.
- Seva Sankalp Organisation** **Team Size: 4**
Freelance **7 Months**
Technologies Used: React.js, HTML, Supabase, TypeScript, Tailwind CSS, Google OAuth
Contributed to the development and deployment of a full-stack web platform for a social impact organisation using React.js, Tailwind CSS, HTML and Supabase, delivering 6 key MVP features and improving platform usability through iterative UI/UX enhancements while implementing structured content workflows that reduced manual update time by 40%.
- Walnut Snowveil Residency** **Team Size: 3**
Team Member **2 Months**
Technologies Used: React.js, Tailwind CSS, TypeScript, Supabase, Google OAuth
Developed a web-based booking platform for Walnutsnowveil Residency, defining 8+ core MVP features and optimising the reservation workflow to reduce checkout steps by 30%, while integrating secure Google OAuth authentication to improve user trust and streamline onboarding.
- Query-Quest** **Team Size: 2**
Team Member **2 Months**
Technologies Used: React.js, Tailwind CSS, TypeScript, Node.js, Supabase
Developed a full-stack query management platform with features like query submission, status tracking, and role-based dashboards, improving usability and reducing resolution time by 25%.

COURSES AND CERTIFICATIONS

- Pursuing an **Honours Degree** in **Computer Science and Engineering** from **KTU**.

ACHIEVEMENTS AND ACTIVITIES

- Volunteer of **Excel MEC 2025**, the annual techno-managerial fest of **Govt. Model Engineering College**, assisting in the organisation and coordination of technical events.
- Coordinator of **Query Quest**, a RDBMS querying competition of **EXCEL MEC 2025**.
- Received **1st Place** at **Hacktopia Hackathon**, a technical competition hosted by **CSI SCT** in partnership with **Zackriya Solution**.
- Hobbies:** Photography, Traveling, Reading.
