

NAMITHA MARIAM MOTTY

CONTENT WRITER | HEALTH & LIFESTYLE
COMMUNICATIONS | JUNIOR COPYWRITER

SUMMARY

A creative writer skilled in crafting clear, thoughtful content that balances accuracy with relatability, supported by a strong academic foundation in Family and Community Science and Nutrition, bringing diverse perspectives to content strategy and creative concept development. Experienced in self-initiated digital content creation and audience engagement, with a genuine interest in meaningful communication that informs, engages, and connects.

EDUCATION

University of Leeds, United Kingdom

09/2023 - 12/2024

Masters in MSc Nutrition

- Pass with Merit | Dissertation with Distinction
- Dissertation: "From Policy to Plate: The Affordability of the UK's Eatwell Guide"

CMS College, Kottayam (Autonomous)

06/2018 - 04/2021

BSc Family and Community Science

- Multidisciplinary training in human development, community health, extension education, mass communication, food science, nutrition and applied social sciences.

EXPERIENCE

Content Creator – Lifestyle & Wellness | Self-Initiated

Kottayam, India

09/2025 - Present

- Create original written and visual content focused on wellness, mindful living, and everyday reflections.
- Write captions, short-form scripts, and storytelling-based content for Instagram and YouTube.
- Achieved 50,000+ cumulative YouTube views within 4 months.
- Collaborated with local lifestyle brands on paid creative projects.

St. Monica's Child Care Center Ready for Service

Kottayam, India

Child and Adolescent Nutrition Educator

06/2025 - Present

Provides evidence-based nutrition education for children and adolescents, focusing on healthy eating habits, promoting balanced eating and early food literacy. Emphasizes practical, non-clinical guidance to support healthy growth and development, through culturally relevant nutrition education.

- Led nutrition education sessions reaching 120+ underprivileged children at three community centers.
- Created learning materials, session outlines, and awareness content for community use.
- Simplified complex health and nutrition concepts into clear, relatable messages.
