SUMMARY

BCA graduate with strong interest in AI-powered video creation and digital storytelling. Experienced in experimenting with AI tools such as ChatGPT, Pika, Runway ML, and Canva to generate scripts, visuals, and short videos. Passionate about creating engaging AI-driven media content and exploring innovative creative workflows.

PROJECTS

AI Chai Video

- Generated story scripts for making chai using AI tools
- Generated images using Gemini
- Created short AI-generated videos using pika labs ai
- Edited visuals using the capcut

CERTIFICATIONS

Data Science and Machine Learning Course

Duration: 8 Months

Topics covered:

- Machine learning fundamentals
- data preprocessing
- model building
- Prompting

EDUCATION

- Data Science and Machine Learning Course
May 2025 - Jan 2026
- Bachelor of Computer Applications (BCA)
Year of Graduation: 2025

EDITING TOOLS

- CapCut
- Premire pro
- VN
- Snapseed
- Canva
- Photoshop phone editor

SKILLS

AI Tools

- ChatGPT
- Claude
- Pika Labs
- Runway ML
- Canva

Creative Skills

- Script writing
- Storyboarding
- Social media content creation
- Video idea generation
- Sketching
- Concept drawing
- Visual storytelling

Technical Skills

- Python basics
- Machine learning fundamentals
- Data preprocessing
- Prompt engineering for AI content generation

STRENGTHS

- Creative thinking
- Fast learner of new AI tools
- Strong curiosity for AI technology
- Good communication skills
