PROFILE

Creative and performance-driven adaptive media personnel with an eye for detail, unparalleled track record for employment satisfaction, highly passionate about films and a jack of all trades when it comes to the filmmaking process. Having the will and the enthusiasm to get the job done, the energy to put in extra hours of work when needed and social skills to collaborate with a team. An effective, efficient and orderly person with a distinctive understanding of how to visually tell a story through camera angles, shot composition, lighting, and other elements. Adept at examining script to realize the structure, theme and character for feature films. Able to interact with cast and crew to verify that everyone is working towards the same vision.
