PROFESSIONAL SUMMARY

Results-driven Software Engineer and Graphic Designer with 3+ years of experience in software development and visual content creation. Proven track record of improving system performance by 20% and increasing user engagement by 30% through innovative solutions. Proficient in multiple programming languages (C++, C#, JavaScript, Python) and Adobe Creative Suite. Seeking a challenging position to leverage technical expertise in software engineering, UI/UX design, and project management to drive organizational success while pursuing professional growth opportunities.

TECHNICAL SKILLS

Programming Languages: C++, C#, JavaScript, Python

Design Software: Adobe Creative Suite (Photoshop, Illustrator, Premiere Pro)

Technical Tools: MATLAB, SCILAB, Arduino IDE, AUTOCAD

Development Areas: Software Development, UI/UX Design, Embedded Systems

Soft Skills: Project Management, Cross-functional Collaboration, Problem-Solving, Time Management, Client Communication

PROFESSIONAL EXPERIENCE

Graphic Designer

TabEdu Education Research Private Limited, Kadavanthra, Kochi | March 2022 - April 2025

- Designed and created visual content for educational materials, increasing user engagement by 30%
- Utilized Adobe Photoshop and Illustrator to produce high-quality graphics and illustrations for various projects
- Collaborated with the marketing team to develop promotional materials, enhancing social media presence by 25%
- Managed multiple design projects simultaneously, ensuring timely delivery and adherence to brand guidelines

Software Engineer

SowBit Technologies, Kakkanad, India | August 2020 - July 2021

- Led the development and maintenance of software applications using C++ and other programming languages, improving system performance by 20%
- Collaborated with cross-functional teams to design and implement new features that enhanced user experience
- Resolved software issues through efficient troubleshooting, reducing bug-related downtimes by 15%
- Conducted code reviews and provided constructive feedback to junior developers, fostering a collaborative coding environment

EDUCATION

B-Tech in Electronics and Communication Engineering

Ponnaiyah Ramajayam Institute of Science and Technology | Thanjavur, Tamil Nadu

Higher Secondary Education (12th Standard) - Biomaths

GHSS Kalamassery | Kochi, Kerala

Percentage: 72%

Secondary Education (10th Standard)

Ideal Public School | Aluva, Kochi, Kerala

Percentage: 82%

PROJECTS

Real-Time Noise Cancellation of Speech Signals

- Developed a novel approach comparing Adaptive Noise Cancellation using Least Mean Square filters and Deep Learning Network (Convolutional Neural Networks)
- Implemented real-time speech signal noise cancellation, resulting in improved signal clarity by 30%
- Technologies used: Signal Processing, Neural Networks, MATLAB

Drowsy Driver Detection System

- Engineered a detection system utilizing advanced machine vision techniques
- Achieved 90% accuracy rate in identifying driver drowsiness, enhancing road safety
- Technologies used: Computer Vision, Machine Learning, Python

CERTIFICATIONS & ACHIEVEMENTS

- Participant in International Smart India Hackathon 2020
- 2nd Prize in Idea Fest 2020 at KMEA Engineering College
- Certification in Graphic Designing from LCC Center

ADDITIONAL EXPERIENCE

- Event Coordinator for Kapricious Tech Fest (2017-2018), Cultural Fest (2019), and Department Fest (2019)
- Volunteer in Kerala Flood Relief Camp 2018
- IELTS Exam Invigilator since June 2017

LANGUAGES

- English (Advanced - C1)
- Malayalam (Bilingual/Proficient - C2)
- Hindi (Elementary - A2)

PROFESSIONAL INTERESTS

- Artificial Intelligence & Machine Learning
- Cybersecurity & Network Protection
- UI/UX Design & Graphic Visualization
- Software Development Methodologies
- Community Technology Education & Social Impact Initiatives
