- Data Analysis & Segmentation, Campaign Strategy, Email Content Creation, Campaign Optimization.

Experience

Digital Marketing Executive	WEFT	Kochi, KL, IND	12/2024 - Present
• Managed Paid Ads for 3 clients using Meta Ads and Google Ads (Search, Display, YouTube & Performance Max), building full-funnel strategies aligned with user journey stages to drive leads and sales.			
• Used GA4, Meta Pixel & Google Tag Manager for event tracking, audience behavior insights, and attribution modeling to guide campaign decisions.			
• Executed media planning, budgeting, and audience segmentation using strategies like the 20% rule & CBO vs ABO; analyzed KPIs (ROAS, CPA, CPM, CTR, CPC, LTV & AOV) and delivered weekly/monthly reports via Looker Studio, Sheets & Excel—resulting in a 30% improvement in overall ad performance .			
• Work in cross-functional teams with UI/UX designers, content strategists, and web developers to create high-performing, conversion-optimized campaigns.			
• Coordinated with content/design teams & cross-functional stakeholders to execute high-performing, conversion-focused campaigns and brand initiatives.			
• Designed creatives via Canva & Figma; implemented A/B testing, benchmarking, and ad transparency research to boost engagement by 25% and enhance brand performance.
