PROFESSIONAL SUMMARY

Creative and motivated professional with over 5 years of total work experience, including 2+ years as a Graphic Designer and Video Editor. Proficient in designing eye-catching visuals, promotional materials, and engaging video content for both digital and print platforms. Skilled in industry-standard software such as Adobe Photoshop, Illustrator, Premiere Pro, and After Effects. Strong passion for design, illustration, and visual storytelling, with a keen interest in creative drawing and concept development. Currently seeking a graphic design position where I can contribute my artistic skills, creativity, and technical knowledge to impactful projects.

WORK EXPERIENCE

Graphic Designer (Jun 2023 – Present)

Driver Logistics

Designed engaging marketing materials, including promotional posters, social media creatives, and digital ads, tailored to the logistics industry.

Created promotional and explainer videos highlighting company services, operational processes, and client success stories.

Collaborated with the marketing team to develop visual content strategies for campaigns and brand promotions.

Ensured consistency of branding across all visual content and maintained design quality standards.

Edited raw footage into professional video content using tools like Adobe Premiere Pro and After Effects.

Contributed creative ideas to improve brand visibility and audience engagement.

Creative Designer (Apr 2022 – Apr 2023)

Brainloop – CBSE / NIOS / Tuition Classes in Kochi

Designed creative and educational visuals including course posters, event banners, social media content, and branding materials.

Produced and edited high-quality videos for online classes, promotional content, and student testimonials.

Collaborated closely with educators and the marketing team to visually communicate academic programs and events.

Maintained a consistent visual identity across all digital and print media in line with the academy's branding.

Managed multiple design projects with tight deadlines, ensuring timely delivery without compromising quality.

Photogrammetry Technician (Oct 2019 – Feb 2020)

Viraugra Technologies Pvt Ltd

Interpreted and processed aerial drone images to create accurate 2D and 3D models of buildings, landscapes, and construction sites.

Utilized AutoCAD and GIS software to draw detailed site plans, elevation views, and topographical maps based on drone imagery.

Worked closely with project managers and engineers to ensure precision in mapping and modeling requirements.

Maintained organized drawing files and ensured all outputs met industry and project standards.

Assisted in quality checks and corrections to maintain accuracy of final outputs.

Cadd Modelling Asst (Aug 2017 – Oct 2019)

Dover Digital Technologies

Created detailed 3D models of urban landscapes using elevated drone imagery, focusing on cities like Manchester, Tottenham, and other major locations.

Used Photomod and AutoCAD to process aerial images and develop accurate topographic and structural models.

Interpreted drone visuals to draw precise building outlines, road networks, and city layouts in 3D.

Collaborated with technical teams to ensure accuracy and consistency in model development and geospatial data.

Maintained proper layer structures and project standards while working on complex city-scale CAD drawings.

Contributed to the visualization of smart city planning and infrastructure development through high-quality modeling.
