Experience

Junior Graphic Designer at CRETMAX DIGITAL

September 2024 – January 2025

Worked as a Graphic Designer, brought brands to life through creative design solutions, delivering stunning visuals that captivated audiences. Expertise in crafting bespoke branding, social media graphics, and marketing materials that drove results, all while prioritizing client needs and deadlines.

Motion Graphics Artist at CRETMAX DIGITAL

September 2024 – January 2025

Designed and animated motion graphics for any projects, including advertisement motion videos, Logo animations, Poster animation.

Graphic Designer Intern at Hammer India

April 2024 - May 2024

I focused my internship as a Graphics Designer at Hammer India; I had the opportunity to work on various exciting projects that helped me improve my design skills and gain valuable industry experience.

UI UX Intern at Zoople Technologies

May 2025 - July 2025

I worked UI/UX Design internship at Zoople Technologies, Kochi, I focused on user centric design for web and mobile apps. By working closely with teams, I created wireframes, prototypes, and design systems that enhanced both usability and visual appeal.

Projects

Kraken Authentic Octopus Restaurant App

Designed a Food delivery app. Created an intuitive mobile first UI in Figma, leveraging smart filters and a streamlined onboarding process, while prioritizing accessibility.

Kraken Authentic Octopus Restaurant Brand Identity

Kraken is an authentic sea food restaurant brand mainly focuses on food products containing freshly bought octopus with different flavours and variety of dishes. Designed a comprehensive brand identity package, including logo design, stationery, packaging, and brand guidelines, that reflects the restaurant's unique personality and values, increasing brand recognition and customer engagement.
