## 👤 Profile

Enthusiastic and detail-oriented UI/UX Designer with a strong foundation in user-centered design principles, gained through completing **Google Design Certification** Courses. Successfully completed a 6-month **UI/UX internship** at **Hawala Ventures**, where I learned to gather product requirements and translate them into designs using Figma. Skilled in creating intuitive and visually appealing interfaces, wireframes, and prototypes. Passionate about enhancing user experiences by combining creativity with problem-solving. Actively seeking opportunities to contribute to innovative design projects in UI/UX roles.

## 📁 Professional Experience

**UI/UX Design Intern**, *Hawala Ventures Pvt. Ltd* [🔗](#)

10/2024 – 03/2025

Ernakulam

- Learned to gather product requirements and translate them into designs using Figma.

## 📁 Projects

**Icecream Ledger app**, *UI/UX Case study* [🔗](#)

Designed a user-friendly and visually appealing **Ice Cream Ledger** App to simplify tracking ice cream sales and inventory. Focused on creating a clean interface, intuitive navigation, and smooth user flow to enhance user engagement and operational efficiency.

**Mentor Connect**, *UI/UX Case study* [🔗](#)

This case study explores the design process behind **Mentor Connect**, a platform that bridges the gap between mentors and mentees, enabling seamless knowledge-sharing. From user research to wireframing and prototyping, the study highlights key UX decisions, usability improvements, and a visually appealing interface that enhances engagement.

## 📖 Courses

**Foundations of User Experience (UX) Design**, *Google* [🔗](#)

Gained a comprehensive understanding of UX design principles, focusing on user-centered design, usability, and accessibility to create effective digital experiences.

**Start the UX Design Process: Empathize, Define, and Ideate**, *Google* [🔗](#)

Learned to empathize with users, define problems, and ideate innovative solutions, forming the foundation for impactful UX designs.

### **Conduct UX Research and Test Early Concepts, Google**

Developed skills in user research methodologies, data analysis, and usability testing to refine designs based on user feedback.

### **Build Wireframes and Low-Fidelity Prototypes, Google**

Acquired hands-on experience in designing wireframes and low-fidelity prototypes to visualize and iterate on design concepts efficiently.

### **Create High-Fidelity Designs and Prototypes in Figma, Google**

Proficient in creating high-fidelity designs and interactive prototypes in Figma to deliver polished and user-friendly interfaces.

### **Build Dynamic User Interfaces (UI) for Websites, Google**

Skilled in designing and building dynamic, responsive, and visually engaging user interfaces (UI) for websites that enhance user experience.

### **Design a User Experience for Social Good, Google**

Experienced in designing user experiences that address social challenges, leveraging design thinking to create impactful, inclusive, and meaningful solutions.

## **Education**

**M.Sc Chemistry, Sree Keralavarma College**

2020 – 2022  
Thrissur , Kerala

**B.Sc Chemistry, Sacred Heart College for women**

2016 – 2019  
Chalaky , Kerala

## **Skills**

### **Wireframing and Prototyping**

UI/UX design expertise utilizing tools such as Figma

### **Problem-Solving**

Analyzing challenges and creating innovative design solutions.

### **Information Architecture**

Organizing and structuring content to improve usability.

### **Communication**

Collaborating with teams and presenting ideas effectively.
