Experience

🏢 **Sinrorobotics** 3.6 Years (2021-24)

● Graphic Designer

Managed client projects, including poster and brochure design, as well as video editing. Delivered creative and visually appealing solutions to meet client needs and project requirements.

● UI/UX Designer and Developer

Designed and developed user interfaces and experiences for various client projects. Successfully deployed numerous projects, ensuring functionality and visual appeal across platforms.

● Photography, Videography & Editing

Tronix All Kerala Interschool Robotics Championship Contributed to both Season 1 and Season 2 of the Tronix All Kerala Interschool Robotics Championship in Kochi Metro. I managed program coordination, logistics, and operations, and was involved in photography, videography with editing, as well as graphic and web design. My role was key in enhancing the event's overall experience.

🏢 **Uishift** 6 month Internship (2018)

UI/UX designer/developer

- Worked on a significant project for 6 months.
- Gained valuable experience in web design and project execution.

UI/UX Projects

- **Devasteel Website**

www.devasteels.com

UI Design and Development

Designed and developed user interfaces and experiences for various client projects. Notable project includes the Devasteel website, where I handled UI design and development for a roofing and structural company. Successfully deployed numerous projects, ensuring functionality and visual appeal across platforms.

- **Little Flower Engineering Institute Website**

www.littleflower.ac.in

UI Design and Development

Designed and developed the website for Little Flower Engineering Institute, focusing on a unique and engaging design tailored to the institution's identity. Created an intuitive user interface to enhance navigation and usability, while ensuring the website effectively represents the college's academic offerings and campus life.

- **Course Sinro Website**

www.courses.sinrorobotics.com

UI Design and Development

Designed and developed a website for Course Sinro, a platform providing internships for graduate students. Implemented a "Mocktest" section to assess students' capabilities, improving the platform's value and engagement.

- **Tronix All Kerala Interschool Robotics Championship Website Season 1 & 2**

www.tronix.co.in

UI Design and Development

Designed and developed the website for the Tronix All Kerala Interschool Robotics Championship. Incorporated metro train animations to enhance visual appeal. The site featured 23 competition registrations, detailed information on competition locations, and other relevant details.

- **Royal Kana General Trading LLC Website**

www.royalkana.com

UI Design/Development

Designed and developed a website for Royalkana Group, a transportation company specializing in the safe and smooth transit of fruits and food items. Created a user-friendly interface to streamline logistics and enhance service efficiency.

- **Atreyo Research & Development LLP**

www.atreyo.in

UI Design

Designed the UI for Atreyo Research & Development LLP, an IoT company. Developed an intuitive and effective user interface to represent the company's innovative technology solutions.

- **Nesa Technologies Website**

www.nesatechnologies.com

UI Design

Designed and developed a website for Nesa Technologies to improve service delivery and user engagement.

- **Sinro Website UI**

www.sinrorobotics.com

UI Design

Designed the user interface for the Sinro website, a platform focused on STEM education for students.
