SIDHARTH S

Graphic Gesigner | video editor

Hey there!

about me

I'm Sidharth – but let's keep it casual, call me Sid, it's shorter, cooler, and easier to fit in a logo I've got a B.Voc in Animation & Graphic Designing, which basically means I studied how to make things look awesome , and not just by adding drop shadows.

With 2 years of experience, I've dabbled in a little bit of everything from logo design (yes, I can obsess over fonts for hours), to poster creation, social media content, and even video editing because who doesn't love a good transition?.

Currently designing my way through life from Kochi, Kerala, powered by chai, Spotify playlists, and an unhealthy obsession with Ctrl+Z

Whether it's logos, posters, social media creatives, or just making your PowerPoint slides look like they went to design school — I'm your guy
Let's make some magic or at least make something better than my cousin's last Canva attempt
