Marketing Automation
Landing Page & Funnel Creation
Project & Task Management
Content Strategy & Creation
Data-Driven Decision Making
Adobe Photoshop & Premiere Pro

CAREER HIGHLIGHTS

DIGITAL MARKETER

After gaining experience as a Creative Head, I shifted my focus toward the technical aspects of marketing. This includes running Meta ad campaigns, creating automations for inbound leads using top software like Zapier and GoHighLevel, building landing pages for campaigns with Clickfunnels, and developing robust internal systems for task management using tools such as Monday and Slack.

CREATIVE HEAD

After being hired as an editor by a U.S.-based media company, I was quickly promoted to Creative Head thanks to my leadership skills, discipline and prior experience as an editor. In this role, I managed and led a team of editors and content writers, gaining valuable experience as a team leader

IMAGE AND VIDEO EDITOR

I began my journey as an editor with expertise in Adobe Photoshop and Adobe Premiere Pro, working on freelance projects for marketing agencies across India as well as international agencies in the United States and Canada.
