

INDRAJITH C

Digital Marketing Executive

PROFIL

Results-driven Digital Marketing Executive with hands-on experience in performance marketing, social media management, and lead generation. Skilled in running Meta Ads, analyzing campaign performance through Google Analytics, and implementing creative strategies to boost brand visibility and engagement. Currently managing digital marketing operations at Spania Paints, focusing on end-to-end campaign execution, market research, and content strategy to drive measurable business growth

WORKING EXPERIENCE

Spania Paints | April 2025 - present

Digital Marketing Executive

At Spania Paints, I manage performance marketing campaigns on Meta platforms (Facebook and Instagram) to generate high-quality leads and drive conversions. I plan and execute weekly content calendars that include posters, stories, and reels to strengthen brand awareness and engagement. My role also involves conducting market research and competitor analysis to refine ad targeting and improve campaign performance. I collaborate closely with the telesales team to monitor lead quality and optimize ad strategies for better ROI. Additionally, I use Google Analytics and Meta Ads Manager to track and report campaign performance, and I create visually appealing marketing materials using Canva to enhance our digital presence.

Dotcom Creativez

Digital Marketing Intern

Conducted website audits to enhance usability and align with SEO standards, resulting in a 20% improvement in site performance scores and 15% increase in organic traffic within 3 months. Executed SEO strategies, including keyword research and on-page optimization, and achieved 30% boost in search rankings. Planned and executed (Facebook and Instagram) ad campaigns, focusing on audience targeting, crafting compelling ad creatives, and optimizing budgets to achieve campaign objectives. Acquired knowledge in setting up and refining Google Ads campaigns, emphasizing strategies to drive traffic and conversions effectively. Designed marketing assets using Canva and Ideogram etc, such as banners and promotional graphics.
