Experience

Omc Entertainments Pvt Ltd | Graphic Designer / Digital Marketer | 2021 - 2023

- Designed visually engaging graphics for film posters, promotional materials, and digital content.
- Collaborated with directors and marketing teams to create cohesive visual themes and branding.
- Assisted in storyboarding and pre-production design, enhancing concept visualization for film projects.
- Designed conversion-focused graphics for digital marketing channels, including film posters, social media posts, and online advertisements, aimed at increasing audience engagement.

Crexes Information Technology | 2023 - 2025

- Led creative production and optimization of digital assets for a cryptocurrency trading platform, ensuring all visuals were engineered for conversion and high user engagement (CRO).
- Executed and scaled paid social and email campaigns by developing performance-driven creative content, resulting in a documented 20% increase in customer acquisition (CPA).
- Managed brand consistency and ensured cross-platform communication alignment by collaborating with Product, Sales, and Growth Marketing teams.

Freelance Work Self-Employed | Ongoing

- Strategically designed creative assets for use in client social media and email marketing funnels, ensuring high visual quality and cross-channel brand consistency.
- Executed end-to-end creative production using the Adobe Creative Suite (Photoshop, Illustrator) to deliver high-performing visuals under tight client deadlines.
- Managed all client communications and project expectations, ensuring a high rate of client satisfaction and accountability for final asset delivery and integration.
- Developed and optimized conversion-focused ad creatives and digital assets (illustrations, concepts, branding) for a diverse range of freelance clients across multiple industries
