

Revathy.T.V.

Data Analyst Aspirator

OBJECTIVE

Hardworking professional is seeking a challenging position to utilize education knowledge in data analytics skills. Qualified by demonstrated competencies in R, Machine learning and python programming ,data visualization and extensive research and presentation capabilities to convey complex information

INTERNSHIP

Data analyst intern SMEC Labs 20 OCT-20 DEC 2024

Focusing Internship Data analysis and visualization

- Analyzed large datasets using python, identifying keys trends and patterns, which improve data driven decision-making.
- Identify and address missing or incomplete data.
- Detect and remove duplicate records to ensure data quality. Calculation basic statistics such as mean, standard deviation.

PROJECTS

Prediction of heart failure disease using statistic analysis

- To reduce the dimension of the data using PCA and factor analysis and implement machine learning algorithms.
- To compare the accuracy and selected the best model for prediction.

Retail Transaction Analysis

- Analyzed a dataset containing columns.
- The analysis reveals key insights into consumer behavior, promotional effectiveness, and regional market dynamics.
- It highlights the importance of customer retention, the impact of seasonal promotions, and preferences for essential household products, suggesting strategies for optimizing sales, marketing efforts, and pricing based on these patterns

EDUCATIONAL BACKGROUND

Masters in Applied Statistics and Data Analytics

St.Teresa's college Ernakulam

June 2022-March 2024

Specialization Statistics and Data analysis

Bachelor in Computer Application(Triple Main)

St.Teresa's college Ernakulam

June 2019-March 2022

Specialization in Computer Application

SKILLS

Technical Skills

- Programming Language
Python, R
- Data Analysis
Numpy, Pandas,
Matplotlib ,Seaborn
- Data Visualization
- Machine learning
Scikit_learn
- Databases
RDBMS:
Mysql
Non sql:
MongoDB

Tools/Software

Visual studio code,
Tableau ,Power BI

LANGUAGES

- English
- Malayalam

CERTIFICATION/SHORT COURSES

- Certified Masters in data analytics
- Certified in data analyst intern at SMEC labs
