

VYSHNAV C

DIGITAL MARKETER

ABOUT ME

Hello! I'm Vyshnav C, a beginner digital marketer and web designer. I help businesses create beautiful websites and grow their online presence through simple marketing strategies. While I'm still building my career, I'm passionate about web design, SEO, and digital marketing. I build websites using HTML, help businesses show up on Google with SEO, and create engaging posts and ads for social media (SMM). I also use Photoshop and Canva to design graphics that make your business look professional. I enjoy working with a team to bring ideas to life. Collaboration is key to creating the best results, and I'm always open to learning from others and sharing ideas.
