PROFILE

SEO specialist with 4 years of experience who delivers results. Improved organic search ranks and online presence for a prominent software development firm from page 2 to top 5 for 10+ high-competition keywords, resulting in increased organic traffic. Proficient in on-page, off-page SEO techniques, and technical SEO. Restructured and implemented SEO best practices in company websites: coordinated SEO campaigns, marketing strategy, and graphic design.

WORK EXPERIENCE

iROID Technologies

SEO Analyst • Jan 2021- Present

- Develop and execute SEO strategies to increase organic traffic and improve search rankings for the website.
- Conduct keyword research and analysis to identify high-value keywords and opportunities for optimization.
- Use analytics tools, such as GA4, Search Console, Google tag Manager to track and report on the performance of SEO campaigns.
- Monitor the competition and stay up to date on industry trends, best practices, and emerging technologies
- Identify and troubleshoot technical SEO issues, such as broken links, duplicate content, and crawl errors.
- Conducted comprehensive website SEO audits, identifying technical, on-page, and off-page optimization opportunities. Implemented schema markup to enhance search engine visibility and rich snippet displays.
- Fixed various technical issues including canonical and href tags implementation to website.
- Skillfully handled on-page SEO, including content optimization, image optimization, alt-tag optimization, and resolving canonical issues. Also, adept at creating XML sitemaps.
- Handled social media accounts to improve social media presence.
