PROFILE

Highly motivated MCA graduate with over 3 years of hands-on experience, including 2 years as an SEO Manager and Content Editor, and 1 year as an SEO Analyst. Additionally, I have worked as a freelance web developer. Proficient in C, C++, PHP, Python, and JavaScript, with a proven track record of optimizing online content and enhancing digital presence. Completed an internship as a Data Analyst, where I gained practical experience in data analysis, data cleaning, ETL (Extract, Transform, Load) processes, and visualization. Passionate about developing, continuous learning, and growth, I am eager to contribute to a dynamic and collaborative team environment where innovation thrives and directly supports achieving business objectives.
