ABOUT ME

I am a Digital Marketer with 2.5+ years of experience in Social Media, SEO, and Google Ads. I help brands grow online with smart marketing strategies. I specialize in Social Media Marketing (brand campaigns, engagement strategies, lead generation), SEO (keyword research, organic growth), and Google Ads (targeted ads, performance tracking).

WORK EXPERIENCE

ADSOMIA INDIA PVT LTD September 2022 - February 2025

Roles & Responsibilities of Social Media Marketing

- Strategic Social Media Campaigns - Develop and execute goal-oriented social media marketing campaigns (Lead Generation, Brand Awareness, Engagement, Traffic) using advanced targeting options, such as interests, demographics, behaviors, and custom audiences, to achieve measurable results.
- Content Strategy, Ad Optimization and Budget Management - Create platform-specific content plans and posting schedules, design tailored ads, set up and manage Facebook Pixel for user behavior tracking, and optimize ad spend for cost-effective performance across Facebook, Instagram, LinkedIn, and other platforms.
- Performance Analysis and Trend Adaptation - Leverage tools like Google Analytics, Facebook Insights, and Sprout Social to track campaign performance, generate actionable reports, and continuously refine strategies by staying updated with the latest social media trends, platform updates, and audience behavior insights.

Roles & Responsibilities of Search Engine Optimization

- Comprehensive Keyword Research and Content Optimization - Leverage tools like Google Keyword Planner, Ubersuggest, SEMrush, and Ahrefs to identify primary and secondary keywords for enhanced targeting. Optimize all website content, including blogs, landing pages, meta titles, descriptions, and image alt-texts, to improve search engine visibility, user engagement, and keyword rankings. Implement structured data (Schema Markup) using to enhance search results with rich snippets, improving CTR and search presence.
- SEO Implementation - On-Page, Off-Page, and Technical Strategies - Strengthen on-page SEO with optimized meta elements, header tags, internal linking, and a clear site architecture. Execute off-page SEO strategies such as link-building campaigns, and social sharing to boost domain authority and referral traffic. Ensure technical SEO health through improvements in website speed, URL structure, mobile responsiveness, and indexing, using tools like PageSpeed Insights, GTMetrix, and Google Search Console.
- Proactive Website Optimization and Maintenance - Enhance performance and usability by optimizing loading speeds and ensuring mobile-first indexing and SSL security for an HTTPS-secure site. Conduct regular site audits to address crawl errors, broken links, duplicate content, and other technical issues. Monitor site health via Google Tag Manager, Google Analytics, and Search Console, while submitting updated XML sitemaps and refining robots.txt files for maximum efficiency.

Roles & Responsibilities of Google Ads

- Lead Generation and Sales Campaigns - Design and execute targeted ad campaigns to capture leads through optimized forms and landing pages, while also driving direct sales or e-commerce transactions. Leverage tools like Google Analytics and Google Tag Manager to track conversions, analyze user engagement, and optimize performance with actionable CTAs.
- Brand Awareness and Traffic Growth Campaigns - Develop Display and Video ads to boost brand recognition and influence audience consideration, while implementing Search, Display, and Remarketing campaigns to drive relevant website traffic. Strategically target audiences using demographics, interests, behavior, and keywords across informational, transactional, and navigational intent.
- Comprehensive Campaign Monitoring and Optimization - Use advanced digital marketing tools like Google Analytics and Google Tag Manager to monitor performance, track conversions, and refine strategies. Continuously optimize targeting, creatives, and campaign tactics to efficiently achieve marketing goals.

Roles & Responsibilities of Production House

- Managed videography and photography for both in-house content and client shoots, producing high-quality visuals aligned with branding and marketing objectives, including promotional videos, interviews, and product showcases.
- Enhanced video footage and photography using professional post-production techniques to create effective marketing content for social media, websites and advertising campaigns.
- Collaborated with clients and the creative team, operating professional equipment for seamless production and ensuring visual content aligned with campaign goals and aesthetics.

Some other Duties and Key Benefits

- Collaborated with all team to brainstorm and execute creative campaigns across various digital platforms.
- Created Social Media Calendar and Social Media proposals to align content strategies with client's goals and consistent engagement.
- Identifying and partnering with relevant influencers to promote brand awareness and drive traffic to the client's website.
- Conducted website audit and analysis to identify improvement areas and optimize client's online presence.
- Contributed to a live project for an educational website (Campus Search): Listed and categorized college names for an educational website to improve information accessibility.
- Successfully engaged with Clients through Proactive calling, ensuring their needs were met and exceeded in the dynamic landscape of digital marketing services.
- Focused on improving ROI for customers and clients.
- Developed an engaging social media proposal with unique designs and strategies using Canva, leading to the successful onboarding of a new client.
- Handled a monthly budget of 50,000 INR for Decathlon, with Proper splitting up for Ads, Social Media Management and Influencer Collabs & Marketing.
- Generated 100+ quality leads through social media for the advertising firm I worked for.
