PROFESSIONAL SUMMARY

Experienced and detail-oriented .NET Developer with 10 years of hands-on experience in designing, developing, and deploying robust, scalable web applications and services. Specialized in .NET Core APIs, ASP.NET MVC, and microservices-based architectures, with a strong focus on performance, security, and maintainability. Proven ability to deliver high-quality solutions in fast-paced, Agile environments. Adept at implementing best practices, leading code reviews, and working across all phases of the software development lifecycle. Strong communicator and team player with a passion for continuous learning and clean architecture.

SKILLS

Programming Languages

C#, Javascript,SQL,HTML,CSS

Frameworks & Technologies

.NET Framework, .NET Core,

ASP.NET MVC, Web API, Entity

Framework (EF & EF Core), LINQ

Architecture & Patterns

Microservices, RESTful APIs

Front End Technologies

JQuery,AJAX,Razor Views

Databases

SQL Server, My SQL

Version Control

Git

Tools

Visual Studio, Postman

Sql Server Management Studio

EXPERIENCE

Senior Software Developer| 2020-till date

Transwarranty Finance Ltd(Previously Vertex Securities Limited)

Transferred from [Vertex Securities Ltd.] to [Transwarranty Finance Ltd.] while retaining the same role and responsibilities.

- Lead the end-to-end development and deployment of scalable, high-performance web applications and RESTful APIs using ASP.NET MVC and .NET Core, aligned with Agile methodologies.
- Developed and maintained RESTful APIs for seamless integration between front-end and back-end components, facilitating real-time data communication and reducing latency.
- Optimized SQL queries and database schema to improve application performance, reducing query response times by 40% and enhancing scalability.
- Demonstrated strong problem-solving skills, troubleshooting complex issues and providing innovative solutions to ensure project progress.

STRENGTHS

- Independent Learner
- Adaptive Problem Solver
- Collaborative Team Player
- Innovative Thinker
- Continuous Learner
- Adaptability

EDUCATION

Diploma in Computer Engineering
2009-2012
Govt. Polytechnic college
Kaduthuruthy

Higher Secondary
2007-2009
Govt. HSS, Kanakkary

SSLC
2006-2007
VKVM NSS HS Manjoor

- Effectively communicated technical concepts to non-technical team members, facilitating clear understanding of project scope, progress, and potential roadblocks.
- Actively participated in team meetings, providing valuable insights and suggestions to improve development processes and project outcomes.
- Fostered a positive and productive work environment through open communication and collaboration, promoting knowledge sharing among team members.

Educator| 2016-2019
Logic Software Solutions, Kottayam

- Successfully taught software development concepts for 3 years in diverse technologies, including Asp.Net ,Android, Java and Php
- Led engaging lectures, hands-on coding sessions, and interactive discussions that catered to a wide range of learning styles.
- Observed notable improvements in students' coding skills and problem-solving abilities through personalized guidance.
- Facilitated the successful transition of numerous students into software development roles through personalized mentorship.
- Mentored students in designing and developing academic projects while guiding them to enhance their skills.

.Software Developer| 2015-2016
Orthus Software's LLP, Kottayam

- Designed and implemented a robust inventory management module using C# and WinForms, allowing seamless tracking of product stock levels, reorder points, and restocking alerts.
- Integrated barcode scanning functionality to expedite inventory input, reducing data entry time by 40%.
- Designed and implemented a streamlined billing workflow, allowing automatic generation of invoices based on inventory transactions and customer orders.
- Provided training sessions for users on how to efficiently utilize the integrated system for billing, invoicing, and account management.
- Offered responsive technical support to address user inquiries and resolve issues promptly.

LANGUAGES

- English : Fluent
- Malayalam : Fluent

- Led ongoing efforts to enhance billing features based on user feedback and changing market needs, ensuring the software remained relevant and effective.
- Developed database schemas, queries, and stored procedures for data manipulation and reporting.

.Educator| 2013-2015 **Soften Technologies , Ernakulam**

- Designed and developed comprehensive curricula for Android app development and C# programming courses, catering to learners of varying skill levels.
- Crafted structured lesson plans, hands-on projects, and assessments to ensure a well-rounded learning experience.
- Created engaging instructional materials, including slide presentations, code samples, and interactive exercises, to facilitate effective learning.
- Provided personalized support to learners, offering one-on-one guidance, addressing questions, and tailoring explanations to individual needs
- Solicited feedback from students and continuously refined course content, delivery methods, and assessments to enhance the learning experience.

DECLARATION

I hereby declare that the information provided above is true to the best of my knowledge and belief.

Sincerely,
AJISHA N VIJAYAN
