SUMMARY

Full Stack Developer with 4 years of experience in designing and building scalable web applications using ASP.NET Framework/Core, Angular, and MySQL. Skilled in developing RESTful APIs, Windows services, and security-driven solutions with expertise in code reviews, vulnerability remediation, and automation. Proven ability to collaborate with cross-functional teams and deliver business-focused, high-quality software.

SKILLS

Programming	C#, Java, Python, SQL
Frameworks	ASP.NET, .NET Core, Angular
Databases	MySQL, SQL Server
Development Tools	Visual Studio (2017/2022), Visual Studio Code, Eclipse, Git
Cloud Services	Azure
Security	CheckMarx, AppScan, Nexus, OWASP Top 10
Logs & Monitoring	Splunk, SumoLogic
Design & Architecture	MVC, Razor (CSHTML), Entity Framework Core, REST API, Web API

WORK EXPERIENCE

Full Stack Developer — Celtrino Ltd

April 2024 – Present

- Designed and developed multiple Windows Services, owning them as product owner with complete responsibility for enhancements, bug fixes, and optimizations.
- Built a web-based validation tool to standardize file specification formats across the organization, significantly reducing manual errors.
- Led customer onboarding by directly engaging with clients, understanding business needs, and integrating their data securely.
- Modernized legacy systems by converting structured C applications into .NET and Angular, improving maintainability and scalability.
- Created automation tools to eliminate repetitive manual tasks, boosting team efficiency and reducing turnaround time.

Senior Systems Engineer — Infosys Ltd

Aug 2022 – Apr 2024

- Developed secure, maintainable code and identified opportunities for enhancing existing applications.
- Conducted penetration testing, vulnerability assessments, and code reviews to ensure application security.
- Implemented data encryption for sensitive information in transit and at rest.
- Collaborated with IT and development teams to integrate security best practices into the SDLC.

Systems Engineer — Infosys Ltd

Aug 2021 – Aug 2022

- Enhanced and maintained applications by analyzing requirements and implementing modifications.
- Debugged and resolved application issues, ensuring reliable performance.
- Produced clean, efficient, and secure code as per specifications.
- Participated in code reviews to maintain quality and adherence to standards.

PERSONAL PROJECTS — FREELANCE WORKS

MangroveDreams — Water Activity Booking (Angular, .NET Core, MySQL) [Demo Link](#)

Full-stack booking platform with secure payments, dual interfaces (customer & admin), and complete activity management for business owners.

LocaleStores — E-Commerce Website (Angular, .NET Core, MySQL) [Demo Link](#)

Built e-commerce application with product catalog, cart, checkout, order tracking, and user management. Designed scalable APIs and database for large inventories.

Quimi — Innovation Platform (C#, .NET Core, MySQL) [Demo Link](#)

Developed backend services and database layer in .NET Core with MySQL, integrated seamlessly with a WordPress frontend. Exposed REST APIs for content management and user data, ensuring scalability and secure communication between systems. Tech: .NET Core, MySQL, WordPress.

Temple Management System(C#, WinForms/WPF, SQLite) [In Progress](#)

Developing a standalone Windows application to digitalize small temple operations. Features include. Pooja booking, event scheduling, billing automation, and offline functionality.

EDUCATION

2025 – Present	MBA (Data Science), Amity University	
2017 – 2021	B.Tech (Hons.), APJ Abdul Kalam Technological University	(GPA: 9.09/10)
2017	Class 12th, Kerala State Board	(94%)
2015	Class 10th, Kerala State Board	(96%)

CERTIFICATIONS

- Developing Web Applications Using ASP.NET MVC
- Advanced C# Programming & Basic C# Programming
- Infosys Certified Associate in Cyber Security Fundamentals
- Infosys Global Agile Developer
- Infosys Certified Associate in Splunk Fundamentals
- Azure Fundamentals (Microsoft)
- Cybersecurity in SDLC & Fundamentals of Cryptography
- OWASP Top 10 Vulnerabilities
- Fundamentals of Networking

AWARDS

- **RISE Insta Award 2022** – Developed complex page solutions, improving deliverable quality.
- **RISE Insta Award 2023** – Proactively remediated vulnerabilities, coordinated with cross-teams, and upskilled in full-stack technologies.
