EXPERIENCE

Datamate InfoSolutions Pvt Ltd, Kochi— *Team Lead*

JUNE 2025 - PRESENT

- Refactored monolithic codebase into reusable components and layered architecture using .NET best practices.
- Introduced annotated documentation and onboarding guides to support new developers and hospital IT staff.
- Improved maintainability by enforcing naming conventions, separation of concerns, and version control discipline.
- Enabled smoother feature rollout and bug tracking through modular design and simplified deployment workflows.

Muthoot Microfin Pvt Ltd, Kochi — *Deputy Chief Manager - IT(Head office)*

MAY 2022 - MAY 2025

- Architected and maintained scalable web applications using .NET Core, Angular, and SQL Server, supporting enterprise-level financial operations across multiple branches.
- Designed and deployed secure RESTful APIs, optimized SQL queries for high-volume transactions, and ensured seamless data flow across modules.
- Contributed to performance tuning, modular code structure, and maintainability, reducing technical debt and accelerating development cycles.

DataFloat India Pvt Ltd(IDC Global), Kochi — *Software Developer*

MAY 2021 - MAY 2022

- Delivered end-to-end Angular development for the Etan Tolling System with timely completion
- Contributed to legacy system migration by integrating modern Angular modules with existing backend services

SUMMARY

Skilled in crafting scalable, high-performance web applications using .NET Core, Angular, and SQL Server — expertised in migrating legacy systems to modern architectures.

DEVELOPMENT ETHOS

Combining ASP.NET Web Forms with Angular's modular structure and Flutter-style UI using ASPX tags and custom libraries — creating fast, server-rendered apps that bring legacy reliability and modern design together.

SKILLS

Angular (7+)

ASP.NET / .NET Core (VB / C#)

SQL Server / Oracle

Web Forms / Angular Material

Flutter

Innovature Software Labs(P) Ltd, Kochi — *Software Developer*

JAN 2020 - OCT 2020

- Developed and maintained dynamic web applications using Java Spring Boot and Angular, delivering responsive user interfaces and robust backend services.
- Managed MySQL databases and efficient queries using HQL.

Jazeera Paints(P) Ltd, Gachibowli, Hyderabad — *Software Developer(Intern Start - Developer End)*

FEB 2019 - NOV 2019

- Built and maintained full-stack web applications using Node.js, TypeORM, and Angular, featuring an outstanding UI that elevated usability and client satisfaction.
- Managed PostgreSQL databases and crafted efficient queries.

Cherobin Training And Technology Services, Kochi — *Associate Software Developer*

JUL 2012 - AUG 2013

- Documented banking functionalities and migrated applications from VB6 to VB.NET
- Led the migration of databases from Oracle 9i to Oracle 10g
- Maintained data integrity and security through daily backups and updates.

EDUCATION

Amrita Viswa Vidhyapeedam, Coimbatore — *MCA*

OCT 2024 - PRESENT

St.Michael College Of Engineering And Technology, Madurai — *B.E (ECE)*

APR 2008 - APR 2012
