I started my Work Here as a Digital Marketing Consultant and after a month actively involved myself as a Digital Marketing Manager as it is documented electronically.

This was the most challenging project that I have had pursued in my entire career line. After a pre known outcomes on the basis of thorough research period I decided Working diligently on their real estate projects.

The company was plagued by nearly a hundred scathingly negative reviews and ruined online profiles.

In the following phrases, the tarnished brand name in the builders and developers market.

I was referred by and contacted to give it a try on the last day of operation!

I endeavoured to the best of my ability to converge and reconstruct everything, as well as attain the minimum quality required to begin implementing digital marketing standard operating procedures. It was an awful at the same time wonderful opportunity to attain the desired success, and more was accomplished than not. I wish their best endeavours and journey to future.
