EDUCATION

2022 - 2025

SIENA COLLEGE OF
PROFESSIONAL STUDIES

- BSc. Information Technology (BSc. IT)
- CCPA - 8.67, Grade - A+

12th (2020 - 2022)

KENDRIYA VIDYALAYA

- Bio-Maths
- 74%

SKILLS

- Programming (e.g., Python, Java, PHP, C++, C, Linux)
- Web Development (HTML, CSS, JavaScript)
- Database Management (MySQL, SQLite)
- Teamwork & Collaboration
- Effective Communication
- Problem Solving
- Content writing and editing

LANGUAGES

- English (Fluent)
- Malayalam (Native Speaker)

PROFILE

A BSc. Information Technology graduate from Siena College of Professional Studies, Edakochi, with a strong academic background and hands-on experience through mini and main projects. Secured 1st rank in MG University for BSc. IT program. Recently participated in hands-on workshop on Generative AI, where i built and deployed my own AI model under expert guidance. Passionate about applying IT knowledge in areas like web development, database management, and Artificial Intelligence.

ACADEMIC PROJECTS

Main Project - Glaucoma Detection System

Developed with Python with Django Framework

- GLAUCOMA DETECTION SYSTEM is a web based platform developed to assist in the early diagnosis and monitoring of glaucoma.
- The website is developed using Python Django for the back-end, with HTML, CSS, and JavaScript handling the front-end.
- The database is SQLite, and the system follows the Model-Template-View (MTV) architecture.

Mini Project - Home Scout: Home Renting System

PHP and MySQL

- With HomeScout you can search multi-family homes, and apartments for rent which would contain the information about the tenant and the landlord.
- It is a website developed in PHP, HTML, CSS, JavaScript and logic development for front-end.
- It is built using MySQL/Maria DB as the back-end database server.

Certifications:

- British Airways Data Science Job Simulation with Forage.
- HP LIFE online course on "AI for Beginners"
- "Introduction to Artificial Intelligence" course from Simplilearn SkillUp.
- AI for Students: Build your own generative AI model - NxtWave
