Warehouse & Retail Operations Specialist with 5+ years of experience managing e-commerce, logistics, and high-value inventory for global brands like Apple and Chopard. Known for rebuilding failing systems, training teams, and integrating retail and warehouse operations under pressure. Detail-oriented, fast-moving, and driven with outcomes.— with a proven ability to lead from the ground up and deliver results independently.

Experience

Gait (Apple Premium Partner) – United Luxury Trading Company, Qatar

E-Commerce & Warehouse Supervisor

Dec 2023 – May 2025

- Transferred from Kuwait to Qatar in short notice to resolve critical operational failures of Gait Apple Store, Qatar.
- Introduced SOPs, security protocols, and inventory systems that improved accuracy and accountability.
- Trained and guided store managers and team to establish clear workflows, system processes and accountability
- Successfully stabilized the chaos and replicated Kuwait's smooth operational model, earning a promotion and salary doubled.
- Handled all warehouse operations and transactions of Apple & 3PP products, NPI for iPhone 16 and achieving 100% stock accuracy in 2024.
- Overseen all E-com orders fulfilling, optimized entire process and resolved any issues with delivery, ensuring 100% Customer satisfaction, also, handled high-value corporate orders as per Policy.
- Frequently included in high-level meetings with top-tier management for key projects and operational updates.

Trafalgar Luxury Group, Kuwait (Parent company of ULCQ)

Warehouse Coordinator

July 2022 – Dec 2023

- Led NPI launches for iPhone 14 and 15, executing under tight timelines and ensuring timely dispatch to all four retail locations.
- Handled Watches & Jewelry category with luxury brands like Patek Philippe, Chopard, Tag Heuer, Dior, Versace, Maurice Lacroix.
- Also worked in the Fashion & Leather sector handling Stella McCartney, Aigner, and Salvatore Ferragamo.
- Took initiative to integrate Microsoft D365 software, guiding warehouse and sales support teams under the line manager.
- Implemented space optimization practices, contributing to reduced operational costs.
- Took initiative to work across multiple departments including E-commerce, Fleet, and Sales Support — stepping in during staff leaves and gaining hands-on experience across all functions.

Acting Fleet Supervisor (Covering leave)

Oct 2023 – Dec 2023

- Took full responsibility for fleet operations during supervisor's absence, stabilizing a previously chaotic department.

- Acting E-commerce Coordinator (Covering leave)**

- Created and verified invoices for customer orders, ensuring pricing accuracy.
- Oversaw order fulfillment, shipping, and tracking end-to-end.
- Coordinated with Warehouse, Fleet, and other teams to ensure smooth e-commerce flow.
