ACADEMIC PROJECT

Title: A Study on the Influence of Customer Reviews on Brand Image and E-Commerce Sales

Conducted a detailed study on how online reviews impact brand perception and buying behavior in India, with a regional focus on Kerala.

- Platforms analyzed: Amazon, Flipkart, and Myntra.
 - Collected primary data via structured questionnaires and secondary industry data.
 - Applied SPSS tools such as regression, ANOVA, t-tests, and factor analysis.
 - Performed sentiment analysis to evaluate emotional tone and review credibility.
 - Found key differences in the impact of positive vs. negative reviews on consumer trust.
-
