Profile

Results-driven Marketing & Sales Executive with hands-on UK experience in service marketing, customer operations, and growth-focused digital strategy. Master's graduate in Strategic Marketing Management from Aston University, Birmingham, UK, with practical exposure to performance marketing, regional campaign optimisation, customer experience improvement, and operational efficiency. Experienced in managing end-to-end marketing activities, supporting sales growth, handling customer issues, and streamlining daily operations. Known for strong communication skills, analytical thinking, adaptability, and a business-owner mindset toward problem-solving and results.

Employment History

Marketing Supervisor at Cleaning Whizz, Birmingham, UK

May 2024 — May 2025

- Planned and executed region-focused digital marketing initiatives, including hyper-local Google Ads and social media marketing through organic content and short form videos on platforms like TikTok, to improve enquiry quality, customer reach, and service visibility
- Designed and implemented a 5 star review incentive system for field teams, increasing Google reviews from 56 to over 250 and strengthening local SEO presence and brand credibility and Shifted operations from in-house staffing to outsourced contractors, significantly reducing costs related to fuel, cleaning products, equipment while maintaining consistent service standards
- Contributed directly to sales outcomes by improving enquiry handling, service positioning, and pricing communication, helping convert inbound leads into confirmed residential and commercial bookings

Post Office Manager & Cashier at Weoley Hill Post Office / Lifestyle Express, Birmingham, UK

January 2024 — April 2024

- Managed the day-to-day operations of a 7-day service post office and convenience store
- Delivered end-to-end customer services including postal banking, bill payments, and shipping
- Responsible for cash handling, compliance reporting, and employee scheduling
- Supervised junior staff and maintained accurate records for transactions and service KPIs
