PROFILE

Self-taught and passionate Software Developer with **3+ years of experience** in web development and backend integration, currently working on a mobile application project. Highly skilled in **PHP, Laravel**, and **RESTful APIs**, with hands-on experience in **cloud server environments (AWS & Oracle Cloud)** and basic DevOps operations. Comfortable working across all layers of web and mobile application stacks, from UI to server logic and cloud deployment.

EXPERIENCE

PHP Developer, 06/2024 - Current

Funfeed Global Pvt. Limited

- Working on the backend development of **Lala Stories**, a mobile application.
- Responsible for creating, integrating, and maintaining **RESTful APIs** to support the app's features and server-side functionality.
- Collaborating with mobile app developers to ensure seamless data exchange and functionality.

Software Developer, 05/2023 - 05/2024

Saltu Creative Suite Pvt. Ltd.

- Engineered web solutions through Laravel development.
- Created and managed backend APIs for mobile solutions like **Ariel Matrimony** and **FixQ**.
- Actively participated in system planning and development cycles.

Junior Software Engineer, 06/2022 - 04/2023

Codedale Technologies Pvt. Ltd.

- Utilized **Core PHP**, **CodeIgniter**, and **WordPress** to create static and dynamic websites.
- Developed a **Salary Management System** and contributed to WordPress-based projects such as **Oxbowcs.ae**.

PROJECTS

Lala Stories (Funfeed Global)

Mobile app backend developed using PHP and deployed via **AWS** and **Oracle Cloud**.

- Console-level familiarity with cloud infrastructure, deployment tasks, and monitoring.
- Managed servers via **Mobaxterm** and **FileZilla**.

Ariel Matrimony & FixQ (Saltu Creative Suite)

Created robust REST APIs and handled mobile-to-server data exchange.

Play Store:

FixQ

Ariel Matrimony

CMS for Abreco Group (UAE)

Built and deployed content management solutions for **Abreco Freight** and **Aiko Hypermarket**.
