Work Experience

Senior Software Developer

Qburst Technologies-Kochi, Kerala

Full-time

2 months notice period

December 2019 to Present • Full-time

- Led development of complex modules in Housekeeping, Lost & Found, Reservation, and Guest Management.
- Integrated Azure OpenAI for intelligent item matching and Smooch (Sunshine Conversations) for chat enhancement.
- Optimized SQL queries and introduced read-replica usage, reducing RDS load by over 40%.
- Designed and deployed background Excel reporting processes, improving report generation efficiency.
- Developed & maintained APIs for Room Allocation, Guest Preferences, Asset Management, and Discrepancy Logs.
- Integrated Google Authenticator MFA, enhancing system security.
- Migrated room history data to DynamoDB; built Cron Jobs and Slack alert systems for discrepancies.
- Worked on SSO integrations (Oberoio, ITC), and resolved login issues via metadata handling.
- Mentored junior developers and led multiple knowledge transfer (KT) sessions.

Software Engineer Intern

Qburst-Kochi, Kerala

Full-time

July 2019 to November 2019 • Full-time

ReadPage (Reddit-style Aggregator)Node.js, PostgreSQL, MongoDB

Apr 2020 – Oct 2020
