ABOUT ME

Experienced Software Engineer with 5+ years of experience in designing, developing, and maintaining scalable software solutions. Skilled in PHP, Python, FastAPI, Django, and React Native. Adept at analyzing business requirements and translating them into high-performance, scalable applications. Passionate about continuous learning and adopting emerging technologies to deliver innovative solutions.

WORK EXPERIENCE

CloverBridge Technologies | 2025 - Present

Software Engineer

Developed and maintained applications using Python, FastAPI, and Django, while contributing to data engineering workflows involving data ingestion, transformation, validation, and processing. Designed and implemented RESTful APIs and backend services, and built and maintained ETL pipelines with a focus on data quality, accuracy, and reliability. Collaborated with cross-functional teams to deliver scalable, reliable, and data-driven solutions that supported business and operational requirements.

Craysol Technologies Pvt. Ltd | 2022- 2025

Senior PHP Developer

Led the development and maintenance of IoT tracking and security monitoring systems using PHP, enabling real-time device tracking and secure data management. Designed and integrated APIs, encryption-based security solutions, and third-party telephony and CRM platforms to enhance operational efficiency. Contributed to ERP and accounting software development by automating business processes and financial reporting. Additionally, conducted code reviews, mentored junior developers, and upheld coding standards to ensure the delivery of high-quality, maintainable software solutions.

CRS Technologies Pvt. Ltd | 2019- 2021

Junior PHP Developer

Developed and maintained a travel booking application by integrating PHP-based backend services with third-party APIs for flight, hotel, and car rental bookings, enhancing the overall user experience.

EDUCATION

MCA | IGNOU | 2023 - Present

BCA | Calicut University | 2016-2019

TECHNICAL SKILLS

- Python
- Django
- React Native
- MySQL
- jQuery
- Data Engineering
- FastAPI
- PHP
- REST APIs
- Git
- Bootstrap
- ETL Pipelines
