

Adarsh Kumar Patel

Sr. Laravel Developer ✉ pateladarsh320@gmail.com / ☎ +91-6266411740 / in adarsh-patel / 📍 Katni (M.P.)

SUMMARY

- Results-driven **Senior Laravel Developer** with **4.5+ years** of experience building scalable, high-performance web applications and REST APIs. Proven ability to handle production systems with high transaction volumes and optimize application performance. Skilled in **Laravel, PHP (OOP), MySQL**, with hands-on experience in secure payment gateway integrations (**Stripe, Razorpay, PayPal**). Experienced in leveraging **AI tools and APIs** to enhance development productivity, automate workflows, and build smarter application features. Adept at leading teams, improving system efficiency, and delivering reliable, production-ready solutions.

SKILLS SUMMARY

- **Backend Development:** Laravel, PHP, OOPS RESTfull APIs, Code Optimization, Performance Tuning, Debugging & Troubleshooting
- **Authentication & Security:** JWT, Laravel Sanctum, CSRF Protection, XSS Protection
- **Database & Payment Systems:** MySQL, Query Optimization, Database Design, Payment Processing Systems (Stripe, Razorpay, PayPal)
- **API Integrations:** SMS/Email/WhatsApp APIs, Google Maps API, Social Login APIs
- **Frontend Development:** HTML, CSS, Bootstrap, JavaScript, jQuery, Blade, AJAX
- **Tools & DevOps:** Git, Postman, Server Deployment (Shared/VPS), Cron Jobs, Queue Jobs, Caching
- **Soft Skills & Management:** Team Mentoring, Leadership, Collaboration, Communication, Continuous Learning

EXPERIENCE

- **SevenUnique Tech Solutions Pvt. Ltd** Jaipur, On-site
Senior Laravel Developer Nov 2024 – Present
 - : Developed and maintained scalable REST APIs handling 50,000+ daily requests, ensuring high availability and minimal downtime. Integrated payment gateways (**Stripe, Razorpay, PayPal**) to support secure, high-volume transactions across multiple applications.
 - : Enhanced application performance through advanced caching strategies, optimized SQL queries, eager loading, and REST API best practices, reducing average response latency by 30–35%.
 - : Built and managed dynamic admin panels and dashboards, automating workflows and leveraging **AI tools** to boost development efficiency, reduce repetitive tasks, and improve user experience.
 - : Led a small team of developers, conducted code reviews, managed deployment pipelines, ensured secure and production-ready solutions, and maintained high standards of code quality and system reliability.
- **Future Profilez Pvt. Ltd** On-site
Junior Laravel Developer Jan 2024 – Nov 2024
 - : Contributed to REST API development, third-party service integrations, and backend enhancements for client projects, ensuring stability, scalability, and secure transaction processing.
 - : Developed responsive web applications and admin panels, improving system usability and operational efficiency while maintaining clean code and following MVC architecture.
 - : Collaborated closely with senior developers on debugging, performance tuning, and feature implementation, gaining hands-on experience in Laravel, PHP (OOP), MySQL, and frontend integration.
- **Phoenix Advanced Softwares Pvt. Ltd** On-site
Junior PHP / Laravel Developer Aug 2021 – Jan 2024
 - : Worked on backend development including REST APIs, CRUD operations, authentication (**Laravel Auth**), form validation, and database management (**MySQL, Eloquent ORM**) to deliver secure and efficient web applications.
 - : Integrated multiple third-party APIs such as Booking.com and Shopify, implemented Google reCAPTCHA (v1, v2, v3) for enhanced security, and explored AI-assisted automation for internal processes.
 - : Collaborated with the team on debugging, performance optimization, and R&D, following MVC architecture, coding standards, and best practices to ensure scalability and maintainability.
 - : Built a strong foundation in full-stack development, gaining practical experience with PHP (OOP), Laravel framework, Blade templates, HTML, CSS, Bootstrap, and JavaScript.

EDUCATION

- **Global Institute of Engineering and Management** Jabalpur, MP, India
Bachelor of Technology (B.Tech) in Electronics & Communication Engineering Jul 2018 – Jan 2022

CERTIFICATE AND AWARD

- **JSpiders, BTM Layout** Bangalore, India
Java Full Stack Development – Training (01/2021 – 08/2021)
 - : Core Java, Advanced Java, Spring/Hibernate (Basics), SQL & Database Concepts, Web Technologies (HTML, CSS, JavaScript)
- **Seven Unique Tech Solutions** Jaipur, India
Award for Best Performance and Timely Delivery 02/02/2026
 - : Recognized for consistently delivering high-quality work on time and demonstrating outstanding performance across multiple projects.
