

Antony Isac

Senior PHP Developer | Laravel | REST API | 8+ Years Experience

Alleppey, Kerala 688522
antonyisac004@gmail.com
+91 85473 87978

Senior PHP Developer with 8+ years of experience in Laravel, CodeIgniter, and REST API development. Expert in building scalable web applications, backend systems, and high-performance APIs.

Strong experience in MySQL optimization, third-party API integrations, payment gateway integration, and system architecture. Proven ability to improve application performance by up to 40%.

Worked on fintech platforms, ERP systems, and enterprise applications serving thousands of users.

Looking for backend or full-stack developer roles where I can contribute to scalable and high-performance systems.

Willing to relocate to: Kochi, Kerala - Remote
