

Bibin Paul.P

Senior Software Engineer-Laravel

PROFILE • ABOUT ME

Laravel Developer with over six years of hands-on experience in professional web development, with strong expertise in PHP and the Laravel framework. Proficient in JavaScript, jQuery, MySQL, PostgreSQL, HTML5, and Git, along with a basic understanding of UI development technologies such as CSS and Bootstrap.

Throughout my career, I have developed and maintained a wide range of Laravel-based projects, including eCommerce platforms, government portals, job portals, official websites, and backend systems for mobile applications such as chat apps and public service platforms.

I am committed to continuously enhancing my skills and staying aligned with modern development practices. I'm passionate about contributing to scalable, enterprise-level web solutions that deliver real-world impact.
