### PROFESSIONAL SUMMARY

Results-oriented Full Stack Developer with 1+ years of experience in PHP, Laravel, JavaScript, HTML, CSS, and MySQL. Strong foundation built through full stack training and hands-on automation testing using Robot Framework. Collaborative team player experienced in Agile workflows, with strong problem-solving skills, attention to detail, and a commitment to scalable, maintainable code. Skilled in effective cross-functional communication and continuous learning.

### PROFESSIONAL EXPERIENCE

#### Nucore Software Solutions | Kozhikode, Kerala

Feb 2022 - Jan 2024

##### Graduate Specialist - Development

- Contributed to the full stack development of the company's product, utilizing PHP with the Zend framework.
- Developed and maintained various modules of the company's software product.
- Collaborated with a well-structured team that managed work using Jira and the company's own product, Nuhive.
- Worked with senior developers, business analysts, and the QA team to design and implement new features.

##### Development Trainee

- Gained hands-on experience in Full stack development with the PHP Zend framework.

##### Automation Testing Trainee

- Performed automation testing on the company's software using the Robot Framework to enhance its functionality.
- Collaborated with the development team to identify and fix bugs.

#### Meridian Solutions Inc. | Kozhikode, Kerala

Feb 2024 - May 2024

##### Laravel Developer Trainee

- Received training in PHP Laravel development under the guidance of the company's lead developers.
- Gained expertise in the company's proprietary software.
- The training encompassed topics such as installation, CRUD operations, exporting, and more.

### CERTIFICATIONS

#### Mastering Laravel 11 – The Complete Reference Guide

Udemy | In Progress – 2025

- Pursuing an in-depth Laravel 11 certification covering advanced features, application design patterns, and real-world project building using the latest Laravel ecosystem.

### PROJECT

#### Traacs - Travel Agency Accounting and Back Office Software

- TRAACS is an integrated Travel Agency Mid-Back office software that offers fully integrated billing, accounting and financial management modules.
- Contributed to the development and automation testing of TRAACS by Nucore Software Solutions, in my role as a Graduate Specialist Developer and Automation Tester.
